Conservatives Select Mr. Russell for Federal Fight

A Conservative nominating convention was held at the Audien Theatre on Monday afternoon when a representative gathering from different parts of the constituency assembled. The name of C. H. Russell, of Wetaskiwin, was the only one submitted to the convention, on nomination of N. A. Caruthers of Lacombe, seconded by Mr. Curry of Leduc, and was unanimously elected as the standard bearer of the Conservative party in the Wetaskiwin constituency in the forthcoming Federal election. Dr. Kidd, the President of the Association, was chairman, and N. A. MacEachern acted as secretary of the meeting.

H. R. Miller, K.C. of Edmonton, briefly addressed the gathering, and referred to the enthusiasm of Conservatism which was sweeping over the country in a very marked manner, as was evidenced by the largely attended meeting held by the Hon. R. B. Bennett. In addition to this, many supporters of other parties are getting behind Mr. Bennett in this election. The cities of Edmonton and Calgary did almost the impossible in the Provincial election by electing three Conservatives each. The organization in the Province is progressing very favorably, with the utmost enthusiasm prevailing. While there is an apparent hesitation in the part of the Liberals in getting a candidate in the field. He concluded by appealing to the electors of Alberta to elect a goodly number of representatives to back their fellow citizen, Hon. R. B. Bennett, as the forthcoming Premier of Canada.

Senator Griesbach was the principal speaker of the afternoon, and he opened his remarks by referring to the national convention at which the Hon. R. B. Bennett was chosen as the leader. Speaking of Mr. Bennett, he pointed out that he had proven himself to be a very successful lawyer. He had made a success of business on a large scale, and could therefore be entrusted with the government of Canada. The Senator referred to the Dunning budget and the tariff at some length, in which he stated that Canada was the best customer the U.S. had, while the British Isles ranked as the second best customer. We should manufacture more goods, which are imported from the United States into this country, as many of these goods are made from our own raw materials. The States has raised the tariff until now it is almost impossible to sell our products in that country except nickel, and could therefore be few other commodities. There is a profound feeling of resentment in Canada respecting this treatment on the part of the States, and this will be a factor in the forthcoming election. The States recently imposed a new tariff of 25% on cattle under 700 pounds and 30% on cattle over 700 pounds, which has almost destroyed the cattle exportation business in this country. Other countries have also raised the tariff against Canadian goods, while we have done practically nothing. The speaker also referred to the Wheat Pool and spoke of the depressed business conditions brought about in this country because Liverpool and London bought their wheat from other countries rather than Canada, and he went on to explain how

W.I. DELEGATE GIVES CONVENTION REPORT

The regular meeting of the Women's Institute was held at the home of the President, Mrs. A. H. Liversidge, on Friday, with a good attendance of members and friends. A very interesting report of the annual convention in Calgary was given by the delegate, Mrs. Liversidge. Master Robert George gave two recitations, Miss K. Barker sang two solos, with Miss Marjorie Robinson accompanying, and Miss Robinson also contributed a piano solo, all of which were very much enjoyed. Mrs. Hall won the hand knitted lace for pillow cases donated by Mrs. Doupe to the W.I. Delicious refreshments were served by Mrs. Dickson and Mrs. Liversidge.

Bigstone Council Purchases Machinery

A Council meeting of M.D. Bigstone No. 459 was held at Lone Ridge on June 18th, with H. Arnold (Reeve), and Councillors C. J. Hanson, G. Helmers, M. H. Unland, O. P. Nelson and Herman Strohschein present.

Minutes of last regular meeting were read and on motion by Councillor Strohschein same were adopted. Mr. Prest and Mr. Baker on behalf of the Wetaskiwin Board of Trade, addressed the Council asking for a grant towards the publication of a booklet advertising the advantages of the Wetaskiwin District and to be distributed among desirable settlers. Motion by Councillor Helmers that the Wetaskiwin Board of Trade be given a grant of \$50.00 toward this work. Motion carried.

Adj. Shaw then appealed to the Council asking them to make an increased grant to the Salvation Army. Motion by the Reeve that the Salvation Army be given a grant of \$50.00. Motion carried.

The Medical Health Officer, Dr. McColligan, addressed the Council on matters pertaining to his office and stating that he had been requested to address the Convention at Calgary. A motion by Councillor Nelson that the M.H.O. be given \$15.00 towards defraying his expenses as a delegate was carried.

Letter from the Dept. of Indian Affairs, Ottawa, was read re road survey running north from I.R. No. 188A, from Mac-McO Beach. The secretary was instructed to take this matter up with the Dept. of Public Works at Edmonton.

Weddings

ANDERSON—WARD

A quiet wedding was solemnized at the Manse, Wetaskiwin, on Monday, June 23rd, at 1:30 p.m., when Hazel Pearl, only daughter of the late Mr. Thomas and Mrs. Ward of this city, was united in the bonds of holy matrimony with Mr. D. D. Anderson, of Wetaskiwin. The bride was attended and wore a peach georgette gown with hat to match. Mr. and Mrs. Anderson will make their home in Wetaskiwin.

MacKENZIE—WAHLSTROM

One of the loveliest June weddings of the season took place on Tuesday, June 24th, at 3 o'clock, at the Swedish Baptist Church, Wetaskiwin, when Gunhild Victoria, daughter of Mr. and Mrs. Carl Effert of the Doham district (Mrs. Effert was formerly Mrs. Wahlstrom) became the bride of Mr. William John MacKenzie of Sedalia, Alberta. The ceremony was performed by Rev. P. M. Meyer beneath an arch of pink and white. The bride entered the church with her father, the strains of Lehaug's Wedding March played by Miss Irene Brandt.

The pretty bride was charming in a gown of white georgette and net trimming. Her long filmy veil was arranged in cap style, with a bandeau of orange blossoms, and she carried a shower bouquet of Ophelia roses. The bridesmaids were Miss Helga Wahlstrom, sister of the bride, and Miss Muriel Hader. The former was gowned in a beautiful mauve moire taffeta dress with net trimming and carried a bouquet of roses. The groom's attendants were Mr. Clarence Wahlstrom, brother of the bride, and Mr. A. MacKenzie, brother of the groom. During the signing of the register Conrad and Holm sang beautifully the appropriate song "Oh, promise me."

Following the wedding ceremony, the bride and groom repaired to the Grand Hotel banquet hall, where a buffet luncheon was served. The tables were decorated with cut flowers and a wedding cake centred the mid-table. After the luncheon the guests were again royally entertained by Mr. and Mrs. Effert at their home.

Mr. and Mrs. MacKenzie will make their home at Sedalia, where Mr. MacKenzie is manager of the Royal Bank of Canada. The bride left Wetaskiwin on Wednesday for a trip to the States, and will return the latter part of July.

Town Topics

J. E. Fraser spent the weekend at his cottage at Gull Lake.

The many friends of Mr. K. J. Bjorkstrom will be glad to hear that he is now out of the hospital and improving nicely.

Several grades of the public school held a picnic at Lucas Grove on Friday last, and needless to say a delightful outing was enjoyed by everyone attending.

Mrs. C. I. Miller, who has been spending several months at Tulsa, Okla., arrived in the city a few days ago, to spend the summer with relatives and friends here.

The U.F.A. convention is being held today (Thursday) at the Elks' hall, when no doubt a candidate will be selected to contest the constituency in the forthcoming election.

Dr. and Mrs. McColligan, and Misses Lillian and Aubrey Thompson motored to Calgary on Sunday morning where they will visit friends and relatives while the doctor is attending the convention.

Kindly remember the Baby Clinic to be held in the nurses' sitting-room of the hospital, July 2nd and 3rd, from ten a.m. to four p.m. each day. Children up to six years will be examined free of charge. Doctor and nurse in attendance.

Curt Paul Smith, who has been attending school at the coast, returned home on Monday, and says he had a very superior time at the school. He intends to return to resume his studies in the same institution in the fall.

The public and high schools will close on Monday next for the summer holidays. The closing of the school term in September, there will be many changes in the staff, as five of the high school teachers have tendered their resignations. Mr. McCollough, the principal, has been re-engaged for another term.

Curt Smith returned a few days ago from a business trip to Fort McMurray. He and four others traveled by aeroplane from Edmonton to Fort McMurray, and owing to the unfavorable weather, they almost came to disaster. However, Curt returned safely, and had never yet been outshined over the beauty and business prospects of the north country.

Sports Here On Dominion Day

An attractive program of sports has been arranged for Tuesday next, Dominion Day, at the Athletic Park here, when the local junior, juvenile and midget track and field championships (boys and girls) will be held. The day will commence at one o'clock in the afternoon. A decided novelty will be the horsemanship tournament for which a large entry is expected from the city, surrounding country and from Ponoka and other centres. It is expected that a couple of baseball games will be staged and basketball will also find a place on the program. In addition to the track and field championships, there will be novelty races and other events for grownups and youngsters. The event will be staged under the auspices of the Wetaskiwin Sports Association and Ladies' Amateur Athletic Club.

KIWANIANS ENJOY TALK ON YOUNG MAN'S VIEWPOINT OF LIFE

Gordon C. French, B.A., was the principal speaker at the Kiwanis luncheon on Tuesday noon of this week, and took for his theme "A philosophy of life from a young man's point of view." After enlarging upon the philosophies of the Epicurean, the Stoic, the Platonist, the Aristotelian, and the Christian, he summarized his remarks, stating that:

"If, then, we are to obtain the most from life we can do well by following the notes of these philosophies. In summing them up and in combining them, they made a good, simple philosophy. Let us glance at their messages again."

"The Epicurean says, 'Take into your life as many simple natural pleasures as possible.' The Stoic 'Keep out of your mind all causes of anxiety and grief.' The Platonist gives us the message 'Be true to the above the dust and drudgery of daily life, into the pure atmosphere of the perfect and the good'."

The Aristotelian tells us 'Organize your life by a clear conception of the end for which you are living, seek diligently all means that further this end, and rigidly exclude all that would hinder or distract from it.' The Christian adds the necessary note: 'Enlarge your spirit to include the interests and aims of all the persons whom your life in any way affects.'"

"To receive the most in this short life that we live here on earth, we must develop a sense of the true value of things. Following that sense of true value we will bring to ourselves and to all those with whom we come in contact the highest, the best and the most lasting happiness. It is idle to seek the baser pleasures in life, when we can obtain true satisfaction from a pursuit of such a good simple philosophy."

The address was listened to with keen interest, and a unanimous vote of thanks was extended by the Club to Mr. French for his very thoughtful talk.

The Wetaskiwin Club will observe Kiwanis week by holding the next meeting on Monday next at noon, instead of Tuesday, on account of the holiday.

WANTS WOMAN'S LOBBY IN HOUSE OF COMMONS

Ottawa, June 20.—Miss Agnes MacPhail, Canada's only woman member of Parliament, speaking before the Ottawa Council of Women, has advocated a women's lobby in the House of Commons. She explained that questions of legislation in which the National and Local Councils were interested, suffered a lack of attention because they were not forcibly brought to the notice of the members and Senators. Through the medium of a lobby this might be changed and closer attention given to their proposals, she thought.

SCOUT NOTES

The 1st Wetaskiwin Troop of Boy Scouts will go to camp at Pigeon Lake, July 2nd, for a period of ten days, the camp site to be on the Indian Reserve. The camp will be under the supervision of the Scoutmaster, Rev. P. C. Wade, who will be assisted by Mr. F. Kingzett. Sunday, July 6th, will be held as a day of rest for the Scouts, and on this day parents and those interested in the Boy Scout Movement will be made welcome. An open-air Church Service will be held on the camp ground, July 6th, at 3 p.m.

DOMINION DAY

Remember Tuesday, July 1st, is Dominion Day, and a public holiday, and that all places of business will be closed on that day.

Obituary

JENNY LIND

The sympathy of the community is extended to Mr. and Mrs. G. E. Lind of Brightview, in the loss of their youngest daughter, Jenny, at the age of eleven months and one day. She leaves to mourn her untimely death, her parents, who have resided in the Brightview district since 1906, three sisters and five brothers.

The funeral was held on Monday, services being conducted by Rev. Mr. Baxter in the Brightview Baptist Church. The pall bearers were Reggie Cummings, Norman Olson, Buster Sjolund and David Lescher. The interment took place in the Brightview cemetery.

JOSEPH TRCA

The death occurred Monday evening at his farm, of Joseph Trca, aged 59 years, well-known farmer of the Crossfield district. Mr. Trca had been in good health up to a few hours before his death.

He was born in Vienna, Austria, and came to the United States as an emigrant youth, taking up his residence in Chicago, Illinois. In 1902 he moved to Alberta and settled on a farm near Wetaskiwin. Mr. Trca was well known throughout Alberta. Besides having built up one of the choicest parcels of land near Wetaskiwin into a well-ordered ranch, he had farmed and ranched in various parts of the province. Lately he had made his home near Crossfield.

Mr. Trca was a member of the Wetaskiwin lodge of the A.F. and A.M. Surviving him are his widow, Anna of Wetaskiwin; four sons, Chester and Joseph of Olds; Arthur of Toronto; and Clifford of Crossfield; two daughters, Mrs. Levi Evans of Wetaskiwin and Miss Cora Trca of Portland, Oregon.

The body will be forwarded to Wetaskiwin Thursday morning by Armistead's funeral home, Macleod street, where it will be conducted at the funeral in Wetaskiwin at a date to be announced. Interment will take place in the family plot in the Wetaskiwin cemetery—Calgary Albertan.

To Test Water System for Fire Pressure on Friday

A regular meeting of City Council was held Tuesday evening, with all members in attendance.

After the adoption of the minutes of last meeting, Mr. Planché, of the Calgary Power Co., addressed Council respecting a thorough test of the water system for fire fighting pressure, and suggested putting on a pressure of 100 pounds for possibly four hours. He wanted permission from Council to do so, as he thought this pressure might result in leaks developing in the house connections, and hot water boilers. Permission was granted and each water user will be notified on Friday of the hour of making the test.

The Old Age Pensions Department have accepted applications from Mr. and Mrs. Lingblad.

The auditors wrote approving of the proposal respecting the grants to the Public and Separate Schools. Letter filed.

The matter of constructing a crossing from public school grounds to H. A. Martin's corner was referred to Public Works Committee for report.

The meeting adjourned.

PONOKA SAYS FAREWELL TO FORMER MINISTER

Ponoka, Alta., June 20.—Rev. William Eakin, who for the past year has been the minister of the United Church here, left Tuesday evening with Mrs. Eakin, for Ireland, where they will reside. Rev. Mr. Eakin preached his farewell sermon Sunday evening, and the church was crowded to capacity.

On Wednesday evening in the United Church, Rev. David M.A., B.D., of Montreal, was inducted as minister of the Ponoka church. Rev. A. L. Elliott of Wetaskiwin, and Rev. Mr. Macdonald of Millet, made the addresses to the minister and to the congregation. Following the service the congregation had an opportunity of meeting Mr. and Mrs. Davies, and a social hour was spent.

PRESENTATIONS MADE DEPARTING MEMBERS

The O.R.P. Lodge No. 23 held their last meeting before closing for the holiday season on Monday evening, June 23rd, when the Provincial Deputy, Supreme Honoured Royal Lady, Mrs. Larson, of Ponoka, was present.

Presentations were made by Honoured Royal Lady Chiddy on behalf of Lodge No. 23 to Mrs. W. Ochs, Mrs. Verne Neville and Mrs. H. A. Martin, who are leaving Wetaskiwin for their homes in the States, pending resignations in September. Mrs. Chiddy expressed deep regret at the loss of these valued members.

Following the meeting a banquet was served. The tables were tastefully decorated with candles and bouquets of roses, and the committee in charge are to be congratulated.

IMPORTANT TO VOTERS

All electors eligible to vote on July 28th should see that their name is on the voters' list, which will be posted somewhere in the polling sub-division. If your name is not on the list be sure and see the registrar of voters not later than Wednesday, July 2nd, and have your name added to the list. After that date it will be too late.

Columbia Council Has a Busy Session

A meeting of the Council of M.D. Columbia No. 460, was held at the Municipal office, Battle Lake, on Saturday, June 14th. Present: Councillors C. E. Bengtson, J. Mann, E. Johnson, D. Nicholson, and Reeve W. B. Fullerton.

The meeting came to order at 11 a.m. The monthly financial statement was read and examined and signed by the Reeve.

Minutes of the last regular meeting were read and adopted on motion of Councillor Johnson.

General foreman George Kinney was present and reported on road work done to date, and advised that the road along north shore of Battle Lake in Section 13-46-2 W. 5, be straightened, as there was a dangerous curve there. Moved by Councillor Johnson that the Council give authority to Mr. Fullerton to have the road straightened out on the big hill in Sec. 13-46-2 W. 5, and where necessary have a new survey made if the work takes the road outside the present road plan, and to get permission to remove telephone poles where necessary, from the Dept of Public Works. Carried.

There was read a letter from Seattle U.F.A. local calling attention to a family residing in Division 3, who were reported to be destitute. Mr. Johnson, councillor Div. 3, was appointed to enquire into the circumstances and left to his discretion whether help be given or not.

Councillor Nicholson reported that the Rathgeber family living in his division were in destitute circumstances. Councillor Nicholson was given authority to enquire into the case, and left to his discretion as to whether temporary assistance be given or not.

Moved by Councillor Bengtson that the treasurer be authorized to levy a rate on the assessed values of the various School Districts sufficient to cover the estimate submitted, making allowance for taxes that may reasonably be expected to remain uncollected. Carried.

Moved by Councillor Bengtson that

the Reeve and Treasurer be authorized to borrow from the Imperial Bank a further sum of \$4,000 to meet the expenditures for road work, pending the receipt from the Government of the road grants. Carried.

Moved by Councillor Johnson that the Sanitary Inspector's report of his inspection of the Hamlet of Winfield be adopted and filed. Carried.

The Dept. of the Interior wrote that a lease would be prepared for the small fraction of land in Sec. 20-47-1 W. 5 for recreational purposes upon payment of the lease fees and one year rental. Moved by Reeve Fullerton that we forward the sum of \$11, being the lease fee and one year's rental, to the Dept. of the Interior, Ottawa, Carried.

Moved by Councillor Nicholson: That we approve of the application of S. R. Parsons, of Yorkford for Old Age Pension. Carried.

Moved by Councillor Johnson: That Councillor Nicholson be authorized to expend an amount up to \$150 on the north boundary of M.D. 460 in Ranges 2 and 3 from the Municipal District of Pioneer No. 490, on account of the refusal of the Council of M.D. 460 to have any work done on this Township line, which is an important line for ratepayers in M.D. 460 to get to a railroad point. Carried.

Moved by Councillor Nicholson: That this Council be authorized to acquire a row of sections north of the north boundary of M.D. 460 in Ranges 2 and 3 providing that Pioneer M.D. 490 give consent to the work being done, as the road is within its boundary. Carried.

Moved by Councillor Nicholson: That this Council be authorized to acquire a row of sections north of the north boundary of M.D. 460 in Ranges 2 and 3 providing that Pioneer M.D. 490 give consent to the work being done, as the road is within its boundary. Carried.

Moved by Councillor Nicholson: That this Council be authorized to acquire a row of sections north of the north boundary of M.D. 460 in Ranges 2 and 3 providing that Pioneer M.D. 490 give consent to the work being done, as the road is within its boundary. Carried.

Bill and paystubs were passed for payment on motion of Councillor E. Johnson as follows: General administration, \$252.28; Schools, \$1965.24; Public Works, \$24.22.

The meeting adjourned at 5:25 p.m.

CLOSE-UP OF THE FLY

With the advent of warmer weather we must perforce turn our attention to the house fly. The fly one swats with a fly swatter is generally regarded as an undesirable creature, but perhaps few people fully appreciate his life of crime. Full information is furnished in a booklet published by the entomological branch of the Department of Agriculture at Ottawa entitled, "Household Insects and Their Control." The text and illustrations combine to make a publication that is both interesting and useful.

Magnified a hundred times a picture of the house fly reveals the true unpleasantness of his physical make-up. He is hairy and striped like a hyena, with ugly pad-like head and monstrous legs. His habits fit his appearance. Invariably born in dirt and dust, he thrives on it. And he carries it about with him wherever he goes. He is a bad customer. The booklet gives information for his "control," which is another word for ruthless destruction.

But the ordinary house fly is only one of the several flies which infect houses, and of scores of other insects which at various seasons may invade the homes that are not kept scrupulously clean. There are biting house flies, stable flies, blue-bottle flies, blue-bottle flies, fruit flies, and many others. In another group are bugs, fleas and lice—bothersome objects which live on human blood if given the slightest encouragement. Then there are roaches, ants and carwigs; meal moths, flour moths and weevils; grain beetles, spider beetles and drugstore beetles; book lice, worms and silverfish.

Their story is told and their portraits printed in the booklet, issued free of charge by the Department of Agriculture. Instructions for their riddance are also furnished. They are easier to "control" than mosquitoes. No housewife need be troubled by them if she takes reasonable precautions against them.

HINTS FOR KNOCKERS

A peasant with a troubled conscience went to a monk for advice. He said he had circulated a vile story about a friend, only to find out that the story was not true.

"If you want to make peace with your conscience," said the monk, "you must fill a bag with chicken down, go to every dooryard in the village, and drop in each one of them one fluffy feather."

The peasant did as he was told. Then he came back to the monk and announced he had done penance for his folly. "Not yet," replied the monk. "Take your bag, go the round again, and gather up every feather that you have dropped."

"But the wind must have blown them all away," said the peasant. "Yes, my son," said the monk, "and so it is with gossip. Words are easily dropped, but no matter how hard you may try you can never get them back again."

AN ECONOMICAL CREAM COOLER

There is no secret to getting special grade cream every week in the year. All that is necessary is care and cleanliness with the milking and separating. Then hold the cream in a cool place until time comes to ship it.

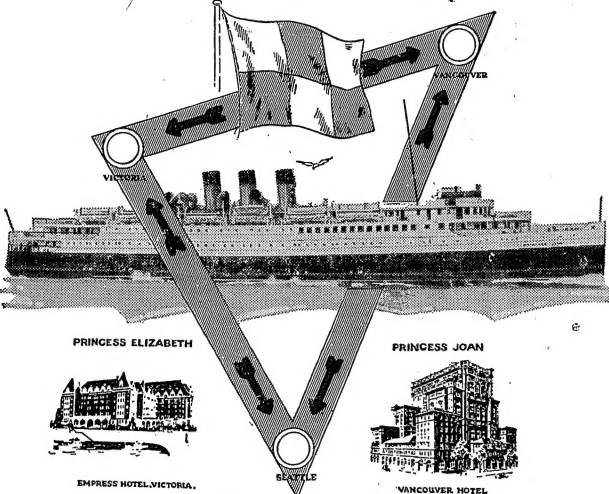

The secret of success is in doing each act well, milking in a cleanly manner, separating through a machine that is washed and scalded after each milking, cooling promptly and keeping cool.

The ideal method of holding cream in this country is by use of a compartment in the horse trough arranged so that all cold water entering the trough for the horses or cows to drink must first run around the cans containing cream. This has the effect of constantly cooling the cans and their contents. It is cheap and economical.

EMPEROR HOTEL, VICTORIA.

VANCOUVER HOTEL

Prepared for the coming annual invasion by thousands of tourists from Canada and the United States, the British Columbia Coast Steamship service of the Canadian Pacific Railway will have in service during the coming summer in Washington, British Columbia and Alaskan waters, nineteen passenger vessels, two of them brand new, the whole fleet representing a total of 68,346 gross tons, accommodation for 17,274 passengers with 3,247 beds in 1,501 state-rooms and dining rooms, the "Princess Joan" and "Princess Elizabeth," each of 5,300 tons, will be added to the service between Vancouver and Victoria.

These twin-screw oil-burning ships which recently turned in spectacular performances in their trial runs have a total of 816 beds in 420 state-rooms and on day runs will increase the fleet's carrying capacity by a total of 3,000 passengers.

Addition of these new ships will relieve the strain of increasing summer travel between Vancouver and Victoria, and enable the company to release more ships for its Seattle-Victoria-Vancouver triangle run; its west coast of Vancouver Island service; its Gulf Island excursions; Powell River, Comox and Ocean Falls-Prince Rupert schedules, and its popular Alaska service through the scenic Inside Passage.

THE BABY IN SUMMER

There are certain points which require attention during the warm weather in order to keep the baby healthy, to protect him from disease, and to make him comfortable. There

are some conditions associated with hot weather which are apt to cause upsets and disease in the infant. During the hot weather, a bath, morning and night, is desirable. If the day is very hot, a cool sponge in the middle of the day will help to keep baby comfortable. The baby should be dressed according to the temperature, not to the time of the year. His clothing should be varied from day to day and from day to night as the temperature changes. On a really hot day, a diaper alone, or a diaper and a thin sleeveless shirt are sufficient clothing.

Feedings should, of course, be just as regular in summer as at other times. The baby may not gain in weight during the hot weather, and he may take a smaller amount at his feedings, but as long as he is well, this need not be a cause for worry. Babies become thirsty and, during the summer, they will take a considerable amount of water. Unsweetened, boiled water should be offered to the baby at least once between feedings.

The baby is much more cool and comfortable when he is not being handled. Leave him alone to rest and to be quiet. Keep all milk on ice so that it does not sour. Prepare all feedings exactly as ordered. Pasteurize all milk used.

On hot days, the baby should be kept in a shady spot and not be exposed to the sun excepting in the early morning or the late afternoon. Insects carry disease as well as being a nuisance. The baby himself and his food should always be protected against flies and other insects. Screen the house. Cover the baby's crib and carriage with netting.

Summer diarrhoea is not nearly as common as it was a few years ago because of the better care which is now being given to babies. If it does occur, it should be dealt with at once. Stop all feedings; give as much unsweetened boiled water as the child will take and place him under the doctor's care. Summer diarrhoea is a serious and often fatal condition unless properly and promptly treated.

If the baby is cared for in the manner indicated, there is no reason to dread the summer.

Questions concerning Health, addressed to the Canadian Medical Association, 134 College St., Toronto, will be answered personally by letter.

"What letter comes after 'h'?" demanded the teacher.

"Please, miss, I don't know," answered Tommy.

"Well, what have I on each side of my nose?" pressed the teacher.

"Looks like powder, miss," said Tommy.

SOLLWAY-MILLS FINED AND SENTENCED

A jail term for Isaac William Cannon Sollaway of four months, and a sentence of one month in jail for James Harvey Mills, heads of Sollaway, Mills and Company, Limited, were imposed upon the accused in addition to fines totalling \$250,000, by His Lordship, Mr. Justice William C. Ives, in Supreme Court of Alberta, at the conclusion of the 16-day trial, at 6 o'clock Monday afternoon.

Early Monday evening, the accused paid their fines. Sollaway's totalling \$225,000 and Mills, \$25,000, and they were released on their former bail—pending the hearing of an appeal, notice of which A. A. McGillivray, K.C., leading defense counsel, filed immediately upon conviction.

The accused were found guilty on all four conspiracy charges, and were given prison terms on each count, with fines on two counts, each. The terms varied from one month to four months in the case of Sollaway, and one month in the case of Mills, all to run concurrently.

His Lordship imposed an additional penalty of 23 months in jail, with hard labor, if the accused did not pay their fine.

The four counts in the one indictment of conspiracy were as follows:

1. That the accused did conspire to defraud the public.
2. That the accused did conspire in contravention of the Criminal Code.
3. That the accused did conspire to affect the public market price of stocks.
4. That the accused did conspire to commit a contravention of Section 231 of the Criminal Code.

WHY PULLETS DON'T PAY

One significant fact in the egg market reports this spring is the marked falling off in egg production.

Asked for the reason for this the Dominion Poultry Husbandman said that the extreme dry weather of last year was the cause. "The condition is general throughout Western Canada and to a certain extent in the East," he states, "and the fact is that owing to the unusually dry season chicks last year matured as lay-pullets before attaining their proper growth."

Troubled with Boils on Face and Neck

Miss E. Shorthouse, Truro, N.S., writes:—"I was troubled with boils on my face and neck due to the fact that I had impure blood in my system. I tried several kinds of medicine which had no effect on them. Finally a friend recommended Burdock Blood Bitters, which she had taken for a similar blood trouble. After taking two bottles my blood was completely cleared, the boils disappeared and I have never been troubled with them since. I know of nothing so splendid, or so wonderful for a blood purifier as B.B.B."

FIFTH FORTNIGHTLY CROP REPORT

(Issued by Department of Agriculture, Government of Alberta, Edmonton, June 21, 1930).
 Reports received from south of Calgary indicate that during the past fortnight several windy days with high temperature have checked growth which up to that time had been very satisfactory. Summerfallow had been standing up well but crops sown on spring ploughing were beginning to suffer. Little or no rain had fallen during this period but reports of rains over a large area on the night of June 20 creates a much improved crop prospect. Irrigation has been generally practiced throughout the irrigated areas.

In the central and eastern part of the province, rains within the past few days have done much to relieve the serious condition caused by continued dry weather and high winds. Estimates place the damage from winds and outcrops as high as 40 per cent. Much of this land has been reseeded but in some cases this was impossible owing to the difficulty in securing seed. The western and northern areas have abundant moisture and their greatest need is for warm weather. Along the C.N.R. lines eastward from Edmonton and north of them, heavy rains have fallen. St. Paul reports five inches since June 1st and Vermilion 3.2 inches from June 10 to June 13. The Peace River continues to have abundant moisture with slight damage from floods in the eastern part. Insect injury, particularly from cutworms, is greater than usual, otherwise crop conditions are favorable.

Hay and pasture crops are reported to be doing well except in the areas which have suffered so severely from high winds and lack of moisture.

The sugar beet crop is about 70 per cent thinned. Some damage has been done by cutworms but otherwise the outlook is promising for a favorable production of beets.

ROAD COURTESY IMPORTANT ON SUMMER TOURS

East Windsor, Ont. June 26.—The secret of enjoyable and safe touring can be compassed in a dozen simple precepts, according to Wallace R. Campbell, president of the Ford Motor Company of Canada, Limited.

On the eve of the summer touring season when millions of tourists will take to the highways throughout the Dominion, the need for greater safety cannot be overestimated. Mr. Campbell said recently. In addition, a general observance of the courtesies of the road, he said, will further enhance Canadians' reputation for good manners.

Road courtesies are the best insurance of safe and pleasant driving. Mr. Campbell said. "Visitors" to Canada in the past have paid tribute to our observance of the common rights of automobile drivers. We are naturally a people who value our property, who care for it and who hold proper regard for the

property of others. This trait exhibits itself in our deportment on the road. It is inherent in most of us to be careful, especially where damage to life or property is involved.

"Soon, visiting autos by the millions will appear on our highways. These tourists will add to traffic congestion. In 1929, 4,508,808 tourist automobiles entered Canada. This was over 23 per cent more than visited us in 1928. A proportionate increase can be expected this year.

"Driving will become more complex. For the sake of common safety and courtesy, it may be well to fix in our minds, so that they may become a part of the automatic reactions of motorists on the road, the following simple automobile driving rules. These suggestions are merely common sense as applied to driving. Every experienced driver knows them. But a review of them can do no harm.

- "The twelve rules are:
- "1. Courtesy comes first. Consider the rights and privileges of others.
 - "2. Keep your mind on your driving, and anticipate sudden emergencies.
 - "3. Learn the 'feel' of having your car under control.
 - "4. Obey all traffic and parking regulations.
 - "5. Keep to the right, and comply with road markings and signs.
 - "6. Signal for stops and turns—watch the car ahead.
 - "7. Slow down at crossings, schools and dangerous places.
 - "8. Never pass cars on hills, curves or crossings.
 - "9. Adapt your driving to road conditions—rain, ice, soft spots and ruts.
 - "10. It doesn't pay to take the 'right-of-way' too seriously.
 - "11. When you drive, remember the times when you're a pedestrian.
 - "12. Know the law. It was passed for your protection."

PROGNOSTICATION IS THE FAVORITE SPORT THESE DAYS

Ottawa, June 23 (Special to The Times).—With the platforms and pledges of the political parties before the country at last, the political pot has already reached fever heat with the prospect of soon becoming boiling. And with scarce five weeks to go before polling day, the favorite sport of the people seems to be that of guessing which side will win. Ardient Liberals tell their friends of the coming landslide in their favor, equally ardent Conservatives inform their friends of the coming popular revolution of feeling in their favor, while the man on the fence offers the cheerful prospect of a deadlock with the balance of power in favor of the Progressives or Farmers.

The woman vote may be the really deciding factor. Contrary to prevailing opinion when women were given the suffrage in 1918 it would only mean doubling the vote, it was soon seen that they were quite capable of changing their minds, or else the minds of their husbands, as evidenced by the abrupt change of government in 1921.

It is difficult to obtain any really authoritative forecast; the Leaders of course refusing to make such statements. Probably the most authoritative forecast for those unable to contain themselves until election date, may be deduced from the betting odds in different camps; on occasions they have been remarkably accurate. Astrology is another means of determining the future political color of Canada, while the ouija board on occasion has been known to

be right although it has a dangerous faculty of often answering "yes" and "no" to the same question. Even at that it might be said to be 50% correct. The man on the street might best flip a coin and if it come down heads, his own party will win; if the reverse happens, his own party will win. BAXTER GOVERNMENT IS RETURNED; LIBERALS GET 17 NEW BRUNSWICK SEATS

Saint John, N.B., June 26. — The Conservative Government, led by Hon. J. B. M. Baxter, was victorious in the general provincial election held throughout New Brunswick on Thursday. Complete returns give the Government 31 seats as against 17 won by the Liberal Opposition. The only independent candidate nominated lost his deposit in Moncton City, as did the two opposition candidates running in Saint John County. The standing of the House at dissolution was: Government, 35; Opposition, 11; vacant seats, 2.

WHITEFISH LAKE, N. ALBERTA, SEES ITS FIRST PLANE

Whitefish Lake, 20 miles north of Lesser Slave Lake saw its first airplane the other day when L. A. Giroux, recently re-elected to the Alberta legislature, arrived on election business. It took only 25 minutes to come from Wabasca, 50 miles away, a journey that ordinarily takes three days with good roads. Native informers travelers that it takes another three days to recover from the trip.

Some excitement was caused by the plane's arrival, dogs took to the bush and some of the Indian women ran to their men in panic. The

plane, which was fitted with pontoons, made a perfect landing on the lake and gave some of the people a ride before its departure. The occupants reported the map as showing very few of the lakes that actually could be seen from the air.

RUSSIA MAY EXPORT WHEAT DURING 1930

Moscow, June 21.—The commission of agriculture announced Friday that Soviet Russia would this year have sufficient grain not only to meet the needs of the population but establish grain reserves and possibly leave some for exporting.

Up to June 15, said the commission, about 304,450,000 acres were sown, which is approximately 90 per cent of the government's total yearly plan and about 5,550,000 acres more than last year's sown area.

FIVE-FOOTED PIG
One of nature's freaks, in the form of a five-footed pig, was recently born on the farm of Mr. Jud Knauft. According to Mike Jones, a neighbor of Knauft's, the little animal seems to be as nimble as any others in the litter and runs about as though it was perfectly normal.—Hanna Herald.

R.C.M.P. ACCLAIMED AS OUT-COSSACKING COSSACKS IN LONDON

London, June 26.—London has taken the Royal Canadian Mounted Police to its hospitable heart. Their first display at the International Horse Show at Olympia Arena is acclaimed today as "out-Cossacking the Cossacks," and the riders are held up by the newspapers to London's untold millions as "real heroes" of the great plains where all sorts of romantic things, quite out-rivalling the films, occur daily.

What chiefly astonishes spectators is Major Dann's wonderful control over the horses that take part in the display. Some enthusiastic scribes insist that the horses will not perform properly unless Major Dann is present and that they know him so well they prick up their ears in salute as they approach him.

However this may be, the visit of the Canadian police undoubtedly has been magnificent advertisement for Western Canada in London.

CANADIAN WHEAT AT LOWEST PRICE IN PAST 7 YEARS

Winnipeg, June 26.—Back to its six-year record depths, the wheat market succumbed today to the persistent poundings of the bear element. Prices closed after a feeble effort to crawl higher at a low mark of 93¢ cents per bushel—actually this market's lowest close quotation in nearly seven years. The day's losses ranged from 1½ to 2½ cents.

28 AEROPLANES NOW IN PROVINCE

Twenty-eight aeroplanes are in more or less continuous operation throughout Alberta.

Of this total, three are privately owned; four are operated by flying clubs working under the scheme placed in operation by the Dominion Government three years ago, while the remainder are used in the transportation of mail and passengers, student training and survey operations. The total does not include the machines employed by the Royal Canadian Air Force flyers at High River, as the number in use at that point is often changing.

TOLD THE TRUTH AND DARED DEATH

An editor of an American weekly hit off the following and then invited death:

"The Robert Cheway and Miss Alice Broadkin were married at noon at the home of the bride's parents, Mr. and Mrs. P. B. Broadkin, the Rev. M. L. Goswami officiating.

"The groom is the popular young man who hasn't done a lick of work since he got shipped in the middle of his junior year at college. He manages to dress well and keep a supply of spending money because his dad is a soft-headed old fool who takes up his bad cheques instead of letting him go to jail where he belongs.

"The bride is a skinny, fast little idiot who has been kissed and handled by every boy in town since she was twelve years old. She paints like a Sioux Indian, smokes cigarettes in secret and drinks liquor when she is out riding in her dad's car at night. She doesn't know how to cook, sew, or housekeep.

"The house was newly plastered for the wedding and the exterior newly painted, thus appropriately carrying out the decorating schemes, for the groom was plastered and the bride newly painted.

"The groom wore a rented dinner suit of athletic underwear, which imitation silk. His pants were held up with green suspenders. His number eight patent leather shoes matched his state of tightness and harmonized nicely with the axle grease polish of his hair. In addition to his jag he carried a pocket knife, a bunch of keys, a dun for the ring and his usual look of imbecility.

"The bride wore some kind of a white thing that left most of her legs sticking out at one end and her bony neck at the other.

"The young couple will make their home with the bride's parents, which means that they will sponge on the old man until he dies and then the bride will take in washing.

"Postscript: This may be the last issue of the Plaindealer, but my life's ambition has been to write up one wedding account that tell the unvarnished truth; now it is done, death can have no sting.—The Minnedosa Tribune.

IN MEMORIAM

In loving memory of John Hanson, who passed away June 25, 1929.

One year has passed since that sad day God called the one we loved away. Forget him? No, we never will. For in our hearts he liveth still.

The blow was great, the shock severe, The little thought that life was near: 'Tis only those who have lost can tell The love of one we love so well.

Ever remembered by his loving Wife and Family.

CONSPICUOUS BY HIS COLOR
Woman: "I was to have met my husband here two hours ago; have you seen him?"
Floorwalker: "Possibly, madam. Anything distinctive about him?"
Woman: "Yes; I imagine he's purple by this time."—Life.

PROTECTING THE WILD FLOWERS

In Ontario Mrs. W. J. Hanna, of Sarnia, has interested herself actively in the preservation of the native flowers of the province. She has got a committee together and has obtained the co-operation of the Ontario Horticultural Society. Just as everywhere else, the people of Ontario are out to gather the native flowers. But among them are those who, in seeking beauty, destroy it by pulling up plants by the roots. There is the like impulse here, and will be until people are educated to the art of picking flowers, even though they are wild flowers.

In Ontario, flower gatherers are not asked to desist from gathering the native flowers, but they are urged to be careful in the picking so as to give the plants a chance to live and bring forth their beauty year by year. They are asked when gathering the wild flowers to use a sharp pair of scissors so that as little damage as possible will be done to the plants. This is advice worth heeding if our prairie flowers are to be preserved for us. It should be specially enjoined on children, who, through not knowing any better, are apt to pull up plants by the roots and otherwise injure them and cause them to die. Others of an older growth should also remember this, for there are those among them who are just as guilty of the practice.

Our own Horticultural Society might well interest itself in a campaign for the preservation of our prairie flowers. Nor will it be amiss in our schools to impress this on children. Anyone who indulges in walking and has wandered over the prairies or passed along in a car must feel how beautiful the wild flowers make them and how strong the necessity is to preserve them so that year by year they may add to the wealth of their beauty in giving radiance to the stretches of prairie land.—Lethbridge Herald.

IN BETWEEN TIMES

(By Barbara B. Brooks)

"What do you give your family for dessert?" was a question asked of a busy housewife. She replied, "Oh, I go the rounds of rice pudding, custard, gelatine and junket, and in between times serve canned peaches."

There are lots of "in between times" in every home and the canned peach suggestion is a good one because there are so many ways of using this delicious fruit. The most obvious is to chill the can thoroughly and open it just before serving. Lukewarm fruit is not appetizing but too many people forget this and take the can direct from the shelf in a warm kitchen.

At a national girls' camp this spring a dessert was brought in one day which caused an "Ooohh" from each of the one hundred adult campers. It was served on orange enamel plates and looked very pretty and what a simple dessert it was! Large halves of canned peaches had been put on thin lemon cookies and garnished with whipped cream.

Another easy dessert is made by putting slices of stale sponge cake in the bottom of a dish and pouring sliced canned peaches over them, then adding a cold thin boiled custard.

muffin batter and bake in a moderate oven. Remove from the pans with heat well. Add soaked bran, and the peach side up and serve with four mixed and sifted with soda, bak cream or hard sauce or a sauce made cream or hard sauce or a sauce made by thickening the peach syrup, using one tablespoon of butter and one of flour to each cup of syrup.

A quite different use for canned peaches is in omelet. This appeals to me more for luncheon than for breakfast although it may be served either time. Melt one tablespoon of butter and add to it two tablespoons of flour and one-half teaspoon of salt. When perfectly blended add one cup of pulp from canned peaches and cook, stirring, until the mixture boils. Cool and add to the well-beaten yolks of five eggs. Fold in the beaten whites of eggs.

In an omelet pan melt one tablespoon of butter. Pour in the omelet and cook over a very low fire until it becomes firm around the edge. Put the pan in a slow oven (225 deg. F.) and bake until firm (about 25 minutes). Fold, sprinkle with powdered sugar and serve garnished with sliced peaches.

APPLES GROWN FROM SEED HOPE OF WEST

The hopes for better home-grown prairie eating apples rest with people who grow trees from seeds. The experimental station at Morden, Man., set out 25,000 seedlings in 1926.

These had been grown for a year at the central experimental farm, Ottawa, the seed being harvested from 15 varieties of hardy mother parents. Nearly 8000 of the seedlings have come into fruit and records of them made.

NOTICE TO RATEPAYERS

In accordance with the terms of the Municipal Hospitals Act, 1929, petitions were received by the Minister of Health for the Province of Alberta, at Edmonton, asking for the creation of Wetaskiwin Municipal Hospital District.

Complying with these petitions, the Minister of Health established the Municipal Hospital District on the 17th day of October, 1929, and varied the content thereof on May 1st, 1930, which now comprises the territory described below.

Following the establishment of the District, the Minister of Health and the Municipal, Town and City Councils in the said District, in accordance with the terms of the Act, duly appointed a Provisional Board to prepare a scheme for the building and equipping of a Municipal Hospital in the said District.

The Provisional Board met and prepared the scheme outlined below. This scheme is now under the direction of the Minister of Health to be advertised throughout the said District for a period of fourteen days following which, provided all other conditions are complied with, it will be finally approved by the Minister of Health.

Section 19 of the Municipal Hospitals Act, 1929, provides: "After approval, the Minister shall fix a date for taking a poll for the purpose of obtaining a ratification or rejection of the said scheme, and shall appoint a Returning Officer who shall divide the hospital district into polling divisions and name a polling place in each division and appoint the time and place when and where the Returning Officer shall sum up the votes for and against the scheme."

Section 25 of the Municipal Hospitals Act, 1929, provides: "(1) If the majority of the voters voting on the question, vote in favour of the scheme, it shall be deemed to be a valid scheme, and the Provisional Board, the original scheme, with the approval of the Minister, submit a scheme, amended in any particulars or particular, for the purpose of obtaining the ratification or rejection of the said original or amended scheme."

(2) In the event of a second poll for the purpose of obtaining a ratification or rejection of the original or amended scheme, not being taken within twelve months after the first submission of the original scheme, and also in the event of the scheme being rejected at such second poll, the scheme shall be deemed to have been disestablished, and the Provisional Board shall submit under the provisions of Section 27 of this Act.

THE AREA of the Hospital District as established under the provisions of the Municipal Hospitals Act, 1929, is as follows: Township 43, Range 25, West of the 4th Meridian. Township 44, Range 24, and all of Ranges 25, 26 and 27, West of the 4th Meridian.

ALL OF MUNICIPAL DISTRICT NO. 453.

ALL OF MUNICIPAL DISTRICT NO. 459.

MUNICIPAL DISTRICT NO. 429—Township 43, Range 25, West of the 4th Meridian.

Township 44, Range 24, and all of Ranges 25, 26 and 27, West of the 4th Meridian.

CITY OF WETASKIWIN.

VILLAGE OF MILLET.

VILLAGE OF BUTTERN LAKE.

SCHEME FOR THE PROPOSED WETASKIWIN MUNICIPAL HOSPITAL DISTRICT

1. To build on a site in or near the City of Wetaskiwin, subject to the approval of the Minister of Health.

2. To erect a Municipal Hospital (with operating room) sufficient for the needs of the District and supply the complete and suitable hospital.

3. To supplement the revenue derived from taxation by a schedule of fees as under:

(a) To all ratepayers assessed in respect of land outside a City, Town, Village or Hamlet but within the Hospital District, and the wives, dependent families and domestic female help of such ratepayers who are resident with them \$1.00 per hospital day.

(b) To all ratepayers not included in Clause (a) whose total tax payable in the district is equal to or exceeds the yearly sum prescribed for persons other than ratepayers, or who pay by a fixed date a yearly sum which together with such hospital taxes amounts to the prescribed yearly sum, and the wives, dependent families and domestic female help of such ratepayers who are resident with them \$1.00 per hospital day.

(c) To all persons who have worked in the six months previous to entering the hospital) \$1.00 per hospital day.

(d) Non-ratepayers in the Hospital District may receive hospital treatment at a per diem fee of \$1.00 per hospital day upon payment of the yearly sum of \$6.00. This sum must be paid within thirty days of the opening of the Municipal Hospital and thereafter not later than January 31st in each year except that persons entering the District must pay this sum within three months of coming to the District, that persons having the right to refuse to accept this payment, if, in their opinion, it is made for the purpose of securing immediate hospital attention and in no case shall persons making this payment be eligible for \$1.00 per day for thirty days.

(e) Non-ratepayers outside the hospital district may receive hospital treatment at a per diem fee of \$1.00 per hospital day upon payment of the yearly sum of \$7.50. The Board shall have the right to refuse to receive such persons as hospital supporters for any reason whatsoever and shall refuse to extend the hospital benefits to such persons unless they remain continuous hospital supporters and pay this yearly sum by the 31st of January in each year after becoming a hospital supporter.

(f) Ratepayers, not being ratepayers in the hospital district, may receive hospital treatment at a per diem fee of \$1.00 per hospital day upon payment of a yearly sum which shall be 25% greater than they would pay by way of hospital tax if their

land were included in the hospital district, this amount to be arrived at by comparing the assessed value with the average assessed value in the hospital district, the Board to have the same right to refuse as in Clause (e).

(g) No charge for ordinary drugs, dressings, or use of operating room to persons eligible for \$1.00 per day rate. There shall be a charge of not more than 50% of the usual charges for each use of the X-ray to persons eligible for the \$1.00 per day rate.

(h) All persons not eligible for the minimum rate of \$1.00 per day shall pay not less than \$3.50 per hospital day with additional charge for drugs, dressings, and use of X-ray, together with charge for use of operating room as above.

Minor operations—\$5.00. Major operations—\$10.00.

(i) Extra charge for ratepayers or non-ratepayers asking for private or semi-private ward, shall be at the discretion of the Board.

(j) To create a debenture indebtedness of not more than One Hundred Thousand Dollars (\$100,000) for the purpose of erecting and equipping a hospital building of fifty beds, at such rate with the necessary accommodation for the staff.

(k) To repay said indebtedness in twenty equal annual payments of principal with interest accrued or equal annual payments of principal with interest combined or as near may be.

6. DISTRIBUTION OF CAPITAL AND MAINTENANCE.

The plan for the division of the proposed capital and maintenance expenditure is Three Cents (3c) per acre in the rural area and 1c per acre to be received from urban centers shall be the same per capita as that contributed by the rural area.

(2) The foregoing being understood as the basis on which the amount is requisitioned from the Local Authority, such Local Authority to levy the necessary mill rate for the payment of the requisition.

Caterpillar Combine

The advantages of Combining over old methods of harvesting have been very definitely established with farmers who are well informed upon the ways that lead to profits in grain growing. The question that concerns most farmers today is "which combine to buy—which will be the most profitable to own"—and, so we say, investigate the "Caterpillar" Combine from the standard of the essential features.

Winnowing Equipment, Medium Hillside attachments and various other equipment available enables the "Caterpillar" Combine to handle a wide variety of crops. The experience of 44 years of building Combines is back of the reserve strength, stamina and efficiency of the "Caterpillar."

Study and compare its sturdy construction ease of operation, its adaptability to meet a wide variety of conditions, low upkeep, long life and also that notable "Caterpillar" feature, its GRAIN SAVING capabilities—that extra thoroughness in threshing and separation to get those extra bushels. The more deeply you study the "Caterpillar" Combine and its performance the more will you be impressed with its ability to serve you as no other combine can.

HOW TO GET COMPLETE INFORMATION

Write, wire or telephone and we will place in your hands the most complete information about the "Caterpillar" Combine—its mechanical construction—its operation and its record of performance.

Starting with June 22, the Swedish Baptist Mission is holding meetings in Wetaskiwin for the coming two weeks. The "Melody Twins," Conrad and Holm, from St. Paul, furnish special music attractions, which were enjoyed by New Swedenites last year and promise to be even better this year.

LONE RIDGE

The annual U.F.A. Sunday was duly observed on Sunday last at Lone Ridge Hall. Services were taken by Rev. J. M. Baxter of Brightview, and Rev. A. L. Elliott of the United Church, Wetaskiwin. A splendid inspiring address by Rev. Elliott was listened to with deep appreciation by an audience that practically filled the hall. The Strathcona Male Quartette, who Mr. Arthur Gainer kindly brought down from Edmonton, rendered some beautiful selections, which were very much enjoyed. Thanks are due to them, Mr. Gainer for bringing them; to Rev. J. M. Baxter and Rev. A. L. Elliott for their part in making this U.F.A. Sunday one to be long remembered.

The annual picnic under the auspices of the Lone Ridge local will be held Wednesday, July 9th, with a full program of sports, including football, baseball, basketball, horse races, dancing, etc. Look out for further announcement.

BITTERN LAKE

Chas. Daley of the Rosedale Ranch, spent the week-end in Baysand.

A Kobasnik returned home Thursday, after spending a few days in To-field. He reports that the crops are looking good in that district.

Mrs. E. Robertson returned to her home in Edmonton on Saturday, after a brief visit here.

G. A. Holmstrom of Edmonton, came down Saturday to spend the week-end with his folks.

Another welcome rain on Friday. This should put an end to soil drifting. The crops are improving considerably.

There is a rumor that the baseball club will put on a dance here soon. We all hope they do.

Miss Richarda Husband went to Camrose on Thursday to visit with friends.

Ross and Ted Daley, who have been around here since spring, have gone to Edmonton.

Percy Treleven is on his holidays.

WINFIELD WEST

Although the roads were very muddy, people turned out very well indeed to cast their vote on election day.

Four inches of rain has fallen during the past week, and at the time of writing it is still raining.

Garden stuff, potatoes and grain

are growing very slowly, but with warm, sunny weather crops here will make rapid progress and a good harvest will be assured. The hay crop will be heavy this year.

The district immediately west of the Winfield School District is planning on building a school. In the aforesaid district a few good home-stands are still available, and people with children should take advantage of this opportunity.

The U.F.A. Winfield local will hold a special meeting next Monday evening, to prepare plans for a picnic at Winfield in the near future.

NEW NORWAY WEST

The long looked for rain visited this district Thursday and Friday, although most of the wheat fields are beyond help. The farmers are expecting the barley and oats to come on. The fields are very spotted and uneven due to the terrific dust-storms covering it in spots and blowing it out in others. The cut worms have been worse than for years.

Mr. and Mrs. Glenn Campbell of St. Paul, Minn., arrived last Tuesday to spend the summer with their parents Mr. and Mrs. Ole Campbell.

Mr. and Mrs. McIntyre visited last week at the J. Gillis home at Yeorford. Miss Marguerite Gillis came back with them for a few days.

Mr. Ben Olsand of near Leduc, spent Sunday with his parents, Mr. and Mrs. O. Olsand.

Miss Gertrude McIntyre left last Tuesday for her summer holidays at Paylup, Wash.

Premier Brownlee and Mr. Vernon Smith of Camrose, addressed a full house at the U.F.A. hall in New Norway last Wednesday.

Vera Perkins and Blythe Upshaw are among the pupils of Mrs. Hodgkinson who take their music exams on Monday and Tuesday at Camrose, put on by the Toronto Conservatory of Music.

Mrs. Joe Logan is quite ill with the flu. Miss Betty Hutchinson is helping with the work.

Mrs. Robert Bankie and Miss Grace Perkins of Bahaw, spent last week with their parents, Mr. and Mrs. Fred Perkins.

Mr. and Mrs. A. J. Ohmen and small daughter, and Mr. E. Ohmen of Patricia, drove through in a car and spent last week at the Chas. Lindholm home. On Sunday, Mr. and Mrs. A. J. Ohmen left for Edmonton. Mr. E. Ohmen is the father of Mrs. Chas. Lindholm and is staying for an extended visit.

Mr. Lock of Banff, is visiting his daughter, Mrs. Frank Bartoff.

Ernest Jans, small son of Mr. and Mrs. Jans, was taken to the Wetaskiwin hospital on Sunday with a broken leg. It was set by the doctors and he was brought home on Monday.

ASKER

On Saturday, June 14th, friends and relatives in the community and outlying districts and towns gathered at the home of Mr. and Mrs. O. S. Kretting to help celebrate the twenty-fifth anniversary of their wedding.

Mr. and Mrs. Kretting's marriage was the first one in Asker, where they had resided and are still resident. At five p.m. the tables were laden with a beautiful dinner, and the guests were served, together with the entire company. During this period Mr. S. Wettr was called on to make a presentation speech. In a few well-chosen words he expressed the community's hearty appreciation of Mr. and Mrs. Kretting and family, alluding to them as being among the empire builders in assisting in build-

ing home, church, community and state, and presented at the same time a beautiful cabinet of silver and a few separate pieces of silver as well. He then called upon Mr. Roy Vold, who as a member of the family, could give a few reminiscences of the day, twenty-five years ago, when the event took place. Mrs. Kretting responded in a few well-chosen words. After dinner the guests collected in groups indoors and out for an hour or so, after which the evening was spent in dancing.—Ponoka Herald.

BROWNLEE PLEASED AT VOTE

Edmonton, June 26.—Having regard to the general conditions in the province, he was gratified over the result of the election, stated Premier J. E. Brownlee, on Thursday evening. Regrets that the faces of a number of old friends and staunch supporters of the government would be missing

in the next legislature were voiced by the first minister.

During the nine years it had been in office the U.F.A. government had consolidated the position of the province, said the premier.

It had prepared the way for the task of administering the natural resources which it will take over in a few months, so one of the first problems to be tackled will be the framing of a policy for this purpose.

It was necessary that the government have a satisfactory working majority in meeting the problems of the past few years. Having been given this necessary strength it could handle these problems with confidence and without any difficulty.

The premier also expressed his gratification over the return of Hon. J. F. Lymburn, attorney-general, for an Edmonton seat.

Two Welshmen, visiting London for the first time, came across an officer in one of the main streets. Thinking it was a shop, one of them opened the door and called in "What do you sell here?"

One of the clerks, thinking to have a joke at the Welshman's expense, answered, "Monkeys."

"Well," returned the Welshman, "you must have been doing a roaring trade if there's only two of you left."

WHOLE FAMILY HAD DYSENTERY

Dysentery is one of the worst forms of bowel complaint, and should be checked at once as its termination often proves fatal.

Mrs. H. F. Stewart, Findlater, Sask., writes:—"Two years ago we were all very bad with attacks of dysentery. My husband got a bottle of Dr. Fowler's Extract of Wild Strawberry and after taking three or four doses we were completely relieved. Since then we have never been without a bottle of it in the house."

Gum-Dipped Cords Stand the Acid Test

Even though Firestone cords are of superior strength and elasticity before they are built into Firestone Tires, they go through the Gum-Dipping process for added strength and endurance.

Gum-Dipping—exclusive to Firestone Tires—saturates and insulates every fibre of every cord in the tire. This prevents the cords from chafing against each other and eliminates internal friction and heat—the greatest enemy to tire life.

Thus Firestone Gum-Dipped Tires have double reasons for their toughness, ruggedness and unequalled mileage—by actual test they hold all world's records for mileage and endurance. Specify Firestone Gum-Dipped Tires on your car. See your nearest Firestone Dealer today.

LUCIEN BOUDREAU BURNED IN EFFIGY; SHOWER OF EGGS

A characteristic French-Canadian fervor that makes his politics something to be taken seriously, entered into the political fray of the St. Albert constituency after the results of the vote was heard Thursday night.

Giving vent to their enthusiasm in a demonstrative way supporters of the victorious candidate, Omer St. Germain, U.F.A., at Morinville, staged a wild celebration which reached a climax when a huge bonfire in a vacant lot saw the effigy of Liberalism's representative, Lucien Boudreau, the defeated candidate, diminished in flames to the delight of the crowd.

Jubilant in victory a procession of

nearly two dozen cars proceeded to St. Albert, the stronghold of the Boudreau supporters, to further acclaim and proclaim the victorious verdict.

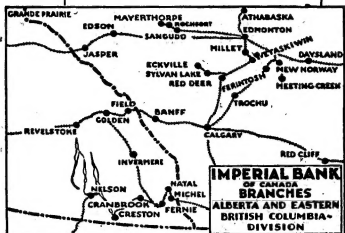

St. Albert residents, however, were not in such a joyful frame of mind but were not long in preparing a reception for their neighbors. From the tops of the buildings along the main street a band of faithful Liberals launched a shower of eggs — that could hardly be termed fresh — upon the visiting procession.

When the over ripe hen fruit had run out cases of fresher material was supplied and salvo after salvo continued to descend upon the visitors until the atmosphere had taken on an odor that was hardly suggestive of hospitality and the merry-makers turned their cars homeward, none the less dampened in enthusiasm but somewhat battered — *Journal*.

All stores in Millet will be closed on July 1st, Dominion Day.

Mr. P. Roop imported two very fine Poland China sows from Vegreville this week.

Mr. Percy Aikens reports that he has two pairs of orioles building close to his buildings.

Mr. Frank Hamilton left on Sunday evening for Calmar, where he will take up the position as manager of the drug store there.

Mr. and Mrs. Kent and family expect to leave Millet on Monday next for three weeks vacation at Vancouver and Seattle.

Dr. and Mrs. W. Taylor of Hove, near Brighton, England, who are making a world tour, were guests of Mr. and Mrs. L. Broughton of West Liberty, last week, and left on Saturday for New Zealand, via Victoria and Los Angeles and West India islands.

A large number of Millet Odd-fellows motored to Edmonton on Monday evening and visited Manager Lodge No. 47, where the members had the third degree conferred on them. There was a splendid attendance and an enjoyable evening was enjoyed by all.

Rev. L. R. Macdonald, who has been pastor of the United Church at Millet, Hillsdale and Pipestone for the past three years, is leaving for Edson about July 2nd. He and his family will journey by auto by the Jasper Highway to this point, which lies 130 miles west of Edmonton. His last services at Millet will be on the evening of Sunday, June 29th, at 7:30 p.m. His successor at Millet is Rev. H. G. Smith, whose family will arrive the same week. Two new points are being taken on July 1st to the Millet charge — Conjur Lake and Michigan Centre. The hour and place for services on July 6th will be as follows: Conjur Lake, 11 a.m.; Michigan Centre, 3 p.m.; Millet, 7:30 p.m.

PRINCE OF WALES, PREMIER VICTIMS OF CHAIN LETTERS

London, June 21.—The Prince of Wales and Premier MacDonald have been victims of a peculiar form of mania which has afflicted Britain for months past, namely, "Chain letters."

You receive in the mail any day in the week a letter telling you that had luck will overtake you unless you make nine copies of the letter, mention it and send them to nine friends. Thousands of crazy people have been induced to comply with this demand, to the obvious benefit of the postal department revenues.

Some chain-letter writers, however, not content with this success proclaimed that the Prince of Wales and Premier MacDonald were among their helpers and it became necessary, Friday, for Sir Godfrey Thomas, the prince's equerry, to announce that so far as the prince was concerned such letters never reached him, but helped to overflow his already bulging wastepaper basket.

HOW TO FARM BURN-OUT LAND

Six years of experimental work provide some interesting results as to the possibilities of farming the so-called burnt-out lands of certain Prairie areas. There is estimated to be some 650,000 acres of this type of land, and experts of the Dominion Department of Agriculture are making an intensive study of methods of working it to advantage. Preliminary studies indicate that breaking and leveling form an important part in the rehabilitation of this type of soil, and also that such crops as sweet clover and grasses tend to improve its tilth. Particular attention is being paid to experiments with respect to the time and depth of breaking, the value of backsetting, floating, subsoiling, manuring, liming, and similar special treatment designed to improve the tilth of the soil.

You would not be ashamed of your stationery if it had been printed at The Times office.

LEARN TO SPEND LEISURE PROFITABLY

Dr. G. B. Catten, president of Colgate, U.S. University, says: "Leisure has come upon America suddenly. It is the machine that has given us our leisure. It is as though every person had from twenty to thirty servants working for him. In time, the average day's work will be two hours for 300 days a year, and if we today were willing to distribute profits and eliminate waste we could go on a four-hour day next Monday. But if ever there was a people unprepared to have leisure thrust upon them it is the American people. At one time we worked what was known as the leisure class, but that is gone now because everyone has leisure.

"It has now become necessary to find new ways to waste time. The problem is being solved to a slight degree by the invention of games that require a minimum of exercise and a maximum of time."

30 MILLIONS ASSETS IN GIGANTIC DEAL

All interests of the International Utilities Corporation in gas and electric companies in Alberta, British Columbia and Saskatchewan have been sold to the Dominion Gas and Electric Company, according to a letter received Thursday morning by W. Brockington, K.C., city solicitor, of Calgary, from H. R. Milner, of Edmonton, solicitor for the corporation.

Assets of the companies affected were understood to be in the neighborhood of \$30,000,000, including the Canadian Western Natural Gas, Light, and Power Company, Calgary, estimated at about \$17,000,000; Northwestern Utilities, Edmonton, about \$7,000,000; Drumheller Consolidated Collieries, Limited, \$600,000, and numerous other smaller projects controlled by these companies.

Dr. J. A. F. Pfeiffer of the University of Maryland medical school, has announced the possible discovery of the germ that causes the common cold and the vaccine that will cure and prevent it. Colds cost American industry \$2,000,000,000 a year in time lost from work.

Harkness. The ladies of the Society wish to thank all those who helped to make the evening a success.

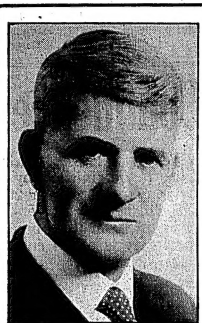

The citizens of Millet and surrounding country, were in general, pleased to learn of the election of Mr. A. P. Mitchell of our town, to represent the constituency of Leduc in the legislature for the next few years. The vote of 169 to 39 at his home poll, with some spoiled ballots more in his favor, was a fine compliment to our popular citizen, who has lived here with us for some time. The almost unanimous appearance of many polls in this district, nearest home, tell their own tale. He had the advantage of some splendid workers around him during the campaign, who spared no pains and trouble to advance his candidature. Needless to say, no personalities were indulged in and the contest proceeded on both sides in a friendly spirit. We are sure that Mr. Mitchell, whose habit of business and life has been one of service to the public generally, will make a good representative, and that, whatever interests are committed to his care, will receive every consideration and support. His majority of 90 over a popular U.F.A. candidate, is a testimonial to his personal qualities. We trust that cares of office will not cause that genial personality and smile cordial to lessen one whit.

ONLY A DOCTOR KNOWS
WHAT A LAXATIVE
SHOULD BE

Danger lies in careless selection of laxatives! By taking the first thing that comes to mind when bad breath, headaches, dizziness, nausea, bloatness, gas on stomach and bowels, lack of appetite or energy warns of constipation, you risk forming the laxative habit.

Depend on a doctor's judgment in choosing your laxative. Here's one made from the prescription of a specialist in bowel and stomach disorders. Its originator tried it in thousands of cases; found it safe for women, children and old folks; thoroughly effective for the most robust man. Today, Dr. Caldwell's Syrup Pepsin, as it is called, is the world's most popular laxative. It is composed of fresh herbs and other pure ingredients. You can get it, in generous bottles and ready for use, at any drugstore.

Conservatives Select Mr. Russell for Federal Fight

A Conservative nominating convention was held at the Audien Theatre on Monday afternoon, when a representative gathering from different parts of the constituency assembled. The name of C. H. Russell, of Wetaskiwin, was the only one submitted to the convention, on nomination of N. A. Carruthers of Lacombe, seconded by Mr. Curry of Leduc, and he was unanimously selected as the standard bearer of the Conservative party in the Wetaskiwin constituency in the forthcoming Federal election. Dr. Kidd, the President of the Association, was chairman, and N. A. Carruthers acted as secretary of the meeting.

H. R. Milner, K.C., of Edmonton, briefly addressed the gathering, and referred to the enthusiasm of Conservatism which was sweeping over the country in a very marked manner, as was evidenced by the large attendance at the meeting held by the Hon. R. B. Bennett. In addition to this, many supporters of other parties are getting behind Mr. Bennett in this election. The cities of Edmonton and Calgary did almost the impossible in the Provincial election by electing three Conservative members. The organization in the Province is progressing very favorably, with the utmost enthusiasm prevailing, while there is an apparent hesitation in the part of the Liberals in getting a candidate in the field. He concluded by appealing to the electors of Alberta to elect a goodly number of representatives to back their fellow citizen, Hon. R. B. Bennett, as the forthcoming Premier of Canada.

Senator Griesbach was the principal speaker of the afternoon, and he opened his remarks by referring to the national convention at which the Hon. R. B. Bennett was chosen as the leader. Speaking of Mr. Bennett, he pointed out that he had proven himself to be a very successful lawyer. He had made a success of business on a large scale, and could therefore be entrusted with the government of Canada. The Senator referred to the Dunning budget and the tariff at some length, in which he stated that Canada was the best customer the U.S.A. had, while the British Isles ranked as the second best customer. We should manufacture many of the goods imported from the United States into this country, as many of these goods are made from our own raw materials. The States has raised the tariff until now it is almost impossible to sell our products in that country except nickel, wood pulp and a few other commodities. There is a profound feeling of resentment in Canada respecting this treatment on the part of the States, and this will be a factor in the forthcoming election. The States recently imposed a duty of 25c on cattle under 700 pounds and 3c over 700 pounds, which has almost destroyed the cattle exportation business in this country. Other countries have also raised the tariff against Canadian goods, while we have done practically nothing. The speaker then referred to the Wheat Pool and spoke of the depressed business conditions brought about in this country because of the Wheat Pool and London bought their wheat from other countries rather than Canada, and he went on to explain how

the producers of the western provinces should join the eastern provinces in a policy which would give certain advantages to the British market in exchange for British goods, and should levy a tax on foreign goods coming into this country. The people of Canada are entitled to and must have protection. The Senator referred to the twelve Progressive representatives at Ottawa and spoke of them as being the chief exponents of low tariff, and one of the issues in this constituency in the forthcoming election which will be fought out between Mr. Russell, who stands for the Conservative policy of protection, and against a Progressive candidate, who will advocate free trade or low tariff. As long as the prairie provinces favor a low tariff it will be impossible for the government at Ottawa to successfully grapple with the problem, as the east and west were divided on the matter of protection.

Senator Griesbach concluded by referring to the Imperial conference to be held at London in September, where one of the main problems to be discussed will be trade relations within the British Empire. Canada has a greater financial and economic interest than any other country, in the Empire, as we are the greatest producers, and would become the biggest buyers of British goods. A Conservative government should be elected on July 28th to secure these results.

Mr. Russell, the Candidate, also spoke briefly and in accepting the nomination, asked the privilege of reserving a certain degree of independence, which would allow him to use his own judgment and treat all matters coming before the government on its merits, no matter from what party they were proposed. The election of officers also took place, and resulted as follows: Hon. President, W. J. Loggie, K.C., Wetaskiwin; President, P. W. Pratt, Lacombe; Vice-President, C. H. Russell, Wetaskiwin; Secretary, C. H. Russell, Wetaskiwin; Treasurer, N. A. MacEachern, Wetaskiwin; Executive, Lacombe; Henry Brownlow, Dr. Irving, Harry Williams, Wetaskiwin; F. B. Watson, E. B. Switzer, R. P. Roop, Millet; Leduc; A. G. Edwards, Dr. Woods, E. Lake; Clover Bar—Andrew Adamson, Mr. Robert, Jas. Allen; Ponoka—three to be named.

W. I. DELEGATE GIVES CONVENTION REPORT
The regular meeting of the Women's Institute was held at the home of the President, Mrs. A. H. Liver, on Friday, with a good attendance of members and friends. A very interesting report of the annual convention in Calgary was given by the delegate, Mrs. Liver. Master Robert George gave two recitations, Miss K. Barker sang two solos, while Miss Marjorie Robinson accompanied. The speaker then referred to the Wheat Pool and spoke of the depressed business conditions brought about in this country because of the Wheat Pool and London bought their wheat from other countries rather than Canada, and he went on to explain how

Weddings

ANDERSON—WARD
A quiet wedding was solemnized at the Manse, Wetaskiwin, on Monday, June 23rd, at 1:30 p.m., when Hazel Pearl, only daughter of the late Mr. Thomas and Mrs. Ward of this city, was united in the bonds of holy matrimony with Mr. D. B. Anderson, of Wetaskiwin. The bride was attended and wore a peach georgette gown with hat to match. Mr. and Mrs. Anderson will make their home in Wetaskiwin.

MACKENZIE—WAHLSTROM
One of the loveliest June weddings of the season took place on Tuesday, June 24th, at 3 o'clock, at the Swedish Baptist Church, Wetaskiwin, when Gunhild Effert, daughter of Mr. and Mrs. Carl Effert of the Duhamel district (Mrs. Effert was formerly Mrs. Wahlstrom) became the bride of Mr. William John Mackenzie of Sodalla, Alberta. The ceremony was performed by Rev. P. M. Meyer beneath an arch of pink and white. The bride entered the church with her father to the strains of Lohengrin's Wedding March played by Miss Irene Brandt.

The pretty bride was charming in a gown of white georgette and netting. Her long filmy veil was arranged in cap style, with a bandeau of orange blossoms, and she carried a shower bouquet of Ophelia roses. The bridesmaids were Miss Helga Wahlstrom, sister of the bride, and Miss Muriel Haeden. The former was gowned in a beautiful mauve moiré tulle dress with net trimming and carried a bouquet of roses. The latter looked pretty in a rose georgette and net trimming gown and also carried a bouquet of roses. The groom's attendants were Mr. Clarence Wahlstrom, brother of the bride, and Mr. Mackenzie, brother of the groom. During the signing of the register Conrad and Holm sang beautifully the appropriate song "Oh, promise me."

Following the wedding ceremony, the bride party and guests repaired to the Driad Hotel banquet hall, where a buffet luncheon was served. The tables were decorated with cut flowers, and a wedding cake centered the middle table. In the evening the guests were again royally entertained by Mr. and Mrs. Effert at their home. Mr. and Mrs. Mackenzie will make their home at Sodalla, where Mr. Mackenzie is manager of the Royal Bank of Canada. The bride left Wednesday on a trip to the West Coast, and will return the latter part of July.

The public and high schools will close on Monday next for the summer vacation. At the opening of the school term in September, there will be many changes in the staff, as five of the high school teachers have tendered their resignations. Mr. McCullough, the principal, has been re-engaged for another term.

Curt Smith, who a few days ago from a business trip to Fort McMurray, He and four others traveled by aeroplane from Edmonton to Fort McMurray, and owing to the unfavorable weather, they almost came to disaster. However, Curt returned home safely, and is now very much enthused over the beauty and business prospects of the north country.

Sports Here On Dominion Day

An attractive program of sports has been arranged for Tuesday, Dominion Day, at the Athletic Park here, when the local junior, juvenile and midget track and field championships (boys and girls) will be held. The doings commence at one o'clock in the afternoon. A decided novelty will be the horsemanship contest for which a large entry list is expected from the city, surrounding country and from Ponoka and other centres. It is expected that a couple of baseball games will be staged and basketball will also find a place on the program. In addition to the track and field championships, there will be novelty races, and other events for grownups and youngsters. The event will be staged under the auspices of the Wetaskiwin Sports Association and Ladies' Amateur Athletic Club.

KIWANIANS ENJOY TALK ON YOUNG MAN'S VIEWPOINT OF LIFE
Gordon C. French, B.A., was the principal speaker at the Kiwanis luncheon on Tuesday noon of this week, and took for his theme "A philosophy of life from a young man's point of view." After expounding upon the philosophies of the Epicurean, the Stoic, the Platonic, the Aristotelian, and the Christian, he summarized his remarks stating that:

"If, then, we are to obtain the most from life we can do well by following the notes of these philosophies. In summing them up and in combining them, they made a good simple philosophy. Let us glance at their messages again."

"The Epicurean says, 'Take into your life as many simple, natural pleasures as possible.' The Stoic 'Keep out of your mind all causes of anxiety and grief.' The Platonist gives us the message 'Lift your soul above the dust and dirt of daily life, into the realm of the perfect and the good.'"

"The Aristotelian tells us 'Organize your life by a clear conception of the end for which you are living, seek diligently all means that further this end, and rigidly exclude all that would hinder or distract from it.' The Christian adds the necessary note: 'Enlarge your spirit to include the interests and aims of all the persons whom your life in any way affects.'"

"To receive the most in this short life that we live here on earth, we must develop a sense of the true value of things. Following that sense of true value we will bring to ourselves and to all those with whom we come in contact the highest, the best, and the most lasting happiness. It is idle to seek the baser pleasures in life, when we can obtain true satisfaction from a pursuit of such a good simple philosophy."

The address was listened to with the closest attention, and a unanimous vote of thanks was extended by the Club to Mr. French for his very thoughtful talk.

The Wetaskiwin Club will observe Kiwanis week by holding the next meeting on Monday next at noon, instead of Tuesday, on account of the holiday.

WANTS WOMAN'S LOBBY IN HOUSE OF COMMONS

Ottawa, June 26.—Miss Agnes MacPhail, Canada's only woman member of Parliament, speaking before the Ottawa Council of Women, has advocated a women's lobby in the House of Commons. She explained that questions of legislation in which the National and Local Councils were interested, suffered a lack of attention because they were not forcibly brought to the notice of the members and Senators. Through the medium of a lobby this might be changed and closer attention given to their proposals, she thought.

SCOUT NOTES
The 1st Wetaskiwin Troop of Boy Scouts will go to camp at Pigeon Lake, July 2nd, for a period of ten days, the camp site to be on the Indian Reserve. The camp will be under the supervision of the Scoutmaster, Rev. P. C. Wade, who will be assisted by Mr. F. Kingzett. Obituary

JENNY LIND
The sympathy of the community is extended to Mr. and Mrs. G. E. Lind of Brightview, in the loss of their youngest daughter, Jenny, at the age of eleven months and one day. She has to mourn her untimely death, her parents, who have resided in the Brightview district since 1906, three sisters and five brothers.

The funeral was held on Monday, services being conducted by Rev. Mr. Baxter in the Brightview Baptist Church. The pall bearers were Reggie Cummings, Norman Olson, Buster Sjorlund and David Leschert. The interment took place in the Brightview cemetery.

JOSEPH TRCA
The death occurred Monday evening at his farm, of Joseph Trca, aged 59 years, well-known farmer of the Crossfield district. Mr. Trca had been in good health up to a few hours before his death.

He was born in Vienna, Austria, and came to the United States as an emigrant young man, taking up his residence in Chicago, Illinois. In 1902 he moved to Alberta and settled on a farm near Wetaskiwin. Mr. Trca was well known throughout Alberta. Besides having built up one of the choicest parcels of land near Wetaskiwin into a well-ordered ranch, he had farmed and ranched in various parts of the province. Late in life he had made his home near Crossfield.

Mr. Trca was a member of the Wetaskiwin lodge of the A.F. and A.M. Surviving him are his widow, Anna of Wetaskiwin; four sons, Chester and Joseph of Olds; Arthur of Toronto; and Clifford of Crossfield; two daughters, Mrs. Levi Evans of Wetaskiwin and Miss Cora Trca of Portland, Oregon.

The body will be forwarded to Wetaskiwin Thursday morning by Armstrong's funeral home. Masonic rites will be conducted at the funeral in Wetaskiwin at a date to be announced. Interment will take place in the family plot in the Wetaskiwin cemetery, Calgary-Alberta.

To Test Water System for Fire Pressure on Friday

A regular meeting of City Council was held Tuesday evening, with all members in attendance. After the adoption of the minutes of the last meeting, Mr. Planché, of the Calgary Power Co., addressed Council respecting a thorough test of the water system for fire fighting pressure, and suggested putting on a pressure of 100 pounds for possibly four hours. He wanted permission from Council to do so, as he thought this pressure might result in leaks developing in the house connections, and hot water boilers. Permission was granted and each water user will be notified on Friday of the hour of making the test.

The Old Age Pensions Department have accepted applications from Mr. and Mrs. Lingblad.

The auditors wrote approving of the proposal respecting the grants to the Public and Separate Schools. Letter filed.

Mr. Baxter, of the Calgary Power Co., wrote that he would be in Wetaskiwin on June 25th to consider tax rates if agreeable. Letter answered.

The question of assessing the curb on Lorne Street was brought up and it was decided to make the assessment this year.

The matter of constructing a crossing from public school grounds to H. A. Martin's corner was referred to Public Works Committee for report. The meeting adjourned.

PONOKA SAYS FAREWELL TO FORMER MINISTER
Ponoka, Alta., June 26.—Rev. William Eakin, who for the past year has been the minister of the United Church here, left Tuesday evening with Mrs. Eakin, for Ireland, where they will reside. Rev. Mr. Eakin preached his farewell sermon Sunday evening, and the church was crowded to capacity.

On Wednesday evening in the United Church, Rev. T. R. Davies, M.A., B.D., of Montreal, was inducted as minister of the Ponoka church. Rev. A. L. Elliott of Wetaskiwin, and Rev. Mr. MacDonald of Millet, made the addresses to the minister and to the congregation. Following the service, the congregation had the opportunity of meeting Mr. and Mrs. Davies, and a social hour was spent.

PRESENTATIONS MADE DEPARTING MEMBERS
The O.O.R.P. Lodge No. 23 held their last meeting before closing for the holiday season on Monday evening, June 23rd, when the Provincial Deputy, Supreme Honoured Royal Lady, Mrs. Larson, of Ponoka, was present. She was accompanied by Mrs. Morgan, Past Honoured Royal Lady of Ponoka Lodge.

Presentations were made by Honoured Royal Lady Chiddy on behalf of Lodge No. 23, and Mrs. W. Ochs, Mrs. Yerna Newville and Mrs. H. A. Martin, who are leaving Wetaskiwin before the resumption of the regular meetings in September. Mrs. Ochs expressed deep regret at the loss of these valued members.

Following the meeting a banquet was served. The tables were tastefully decorated with candles and bouquets of roses, and the committee in charge are to be congratulated.

IMPORTANT TO VOTERS
All electors eligible to vote on July 28th should see that their name is on the voters' list, which will be posted somewhere in the polling sub-division. If your name does not appear on the list be sure and see the registrar of voters not later than Wednesday, July 2nd, and have your name added to the list. After that date it will be too late.

Columbia Council Has a Busy Session

A meeting of the Council of M.D. Columbia No. 469 was held at the Municipal office, Battle Lake, on Saturday, June 14th. Present: Councillors C. E. Bengtson, J. Mann, E. Johnson, D. Nicholson, and Reeve W. B. Fullerton.

The meeting came to order at 11 a.m. The monthly financial statement was read and examined and signed by the Reeve.

Minutes of the last regular meeting were read and adopted on motion of Councillor Johnson.

General foreman George Kinney was present and reported on road work done to date, and advised that the road along north shore of Battle Lake in Section 13-46-2-W. 5, be straightened, as there was a dangerous curve there. Moved by Councillor Johnson that the Council give authority to Mr. Fullerton to have the road straightened out on the big hill in Sec. 13-46-2-W. 5, and where necessary have a new survey made if the work takes the road outside the present road plan, and to get permission to remove telephone poles where necessary, from the Dept of Public Works. Carried.

The Council read a letter from Seattle U.S.A. local calling attention to a family residing in Division 3, who were reported to be destitute. Mr. Johnson, councillor Div. 3, was appointed to enquire into the circumstances and left to his discretion whether help be given or not.

Councillor Nicholson reported that the Rathgeber family living in his division were in destitute circumstances. Councillor Nicholson was given authority to enquire into the case, and left to his discretion as to whether temporary assistance be given or not.

Moved by Councillor Bengtson that the treasurer be authorized to levy a rate on the assessed values of the various School Districts sufficient to cover the estimate submitted, making allowance for taxes that may reasonably be expected to remain uncollected. Carried.

The Reeve and Treasurer were authorized to borrow from the Imperial Bank a further sum of \$4,000 to meet the expenditures for road work, pending the receipt from the Government of the road grants. Carried.

Moved by Councillor Johnson that the Sanitary Inspector's report of his inspection of the Hamlet of Winfield be adopted and filed. Carried.

The Dept. of the Interior wrote that a lease would be prepared for the small fraction of land in Sec. 26-47-1-W. 5 for recreational purposes upon payment of the lease fees and one year rental. Moved by Reeve Fullerton that we forward the sum of \$11, being the lease fee and one year's rental to the Dept. of the Interior, Ottawa. Carried.

Moved by Councillor Nicholson: That we approve of the application of S. R. Parsons, of Yeoford for Old Age Pension. Carried.

Moved by Councillor Johnson: That Councillor Nicholson be authorized to expend an amount up to \$150 on the Township line (north of Township 47, Ranges 2 and 3) providing that Pioneer M.D. 490 give consent to the work being done, as the road is within its boundary. Carried.

Moved by Councillor Nicholson: That this Council take steps to acquire a row of sections north of the north boundary of M.D. 469 in Ranges 2 and 3 from the Municipal District of Pioneer No. 490, on account of the refusal of the Council of M.D. 490 to have any work done on this Township line, which is an important line for taxpayers in M.D. 469 to get to a railroad point. Carried.

Mr. Fullerton asked the Councillors to make known to residents the particulars of the Municipal Hospital scheme, giving all possible publicity to interest the people in the matter, in order that when the time comes to vote for or against the third of the bills to decide for themselves. Bills and pay sheets were passed for payment on motion of Councillor E. Johnson as follows: General administration, \$282.28; Schools, \$1965.24; Public Works, \$2,234.22. The meeting adjourned at 5:25 p.m.

Bigstone Council Purchases Machinery

A Council meeting of M.D. Bigstone No. 469 was held at Lono Ridge on June 14th, when H. Hanson, Reeve, and Councillors C. J. Hanson, G. Helmers, M. H. Unland, O. P. Nelson and Herman Strohschein present.

Minutes of last regular meeting were read and on motion by Councillor Strohschein same were adopted. Mr. Fraser and Mr. Baker, on behalf of the Wetaskiwin Board of Trade, addressed the Council asking for a grant towards the publication of a booklet advertising the advantages of the Wetaskiwin District and to be distributed among desirable settlers. Motion by Councillor Helmers that the Wetaskiwin Board of Trade be given a grant of \$50.00 toward this work. Motion carried.

Ald. Shaw then appealed to the Council asking them to make an increased grant to the Salvation Army. Motion by the Reeve that the Salvation Army be given a grant of \$50.00. Motion carried.

The Medical Health Officer, Dr. McColgan, addressed the Council on matters pertaining to his office and stating that he had been requested to address the Convention at Calgary. A motion by Councillor Nelson that the M.H.O. be given \$15.00 towards defraying his expenses as a delegate was carried.

Letter from the Dept. of Indian Affairs, Ottawa, was read re road survey running north through I.R. No. 138A, from Ma-Me-O Beach. The secretary was instructed to take this matter up with the Dept. of Public Works at Edmonton.

Letter from Mr. Harrington re funding of road allowance between Sections 24 and 25-47-21-4 was read. Secretary was instructed to write the owner of this fence asking him to remove same.

Application of Mrs. and Mr. Austin Price for Old Age Pensions was presented. Motion by Councillor Hanson that these be approved was carried.

Application of Mrs. Lottie Franklin for restaurant license to carry on restaurant business at the hamlet of Graves Beach was presented. Motion by Councillor Helmers that this be approved was carried.

All six Councillors submitted their budget of proposed expenditures as required in Form "B." Motion by the Reeve that these be passed and approved as submitted. Motion carried.

The matter of Mothers' Allowance was brought up for discussion. As it was felt that in some cases families receiving this allowance were now in shape to carry on without the aid of the allowance, the secretary was instructed to take the matter up with the Department and ask for an inspection and readjustment of these allowances.

Motion by the Reeve that the purchase of a road drag from the Canada Engine Co. be authorized for Division 1 and also the purchase of two tractors for Division 3. Motion carried.

Bills and pay sheets were then passed for payment. The meeting was adjourned by the Reeve.

CLOSE-UP OF THE FLY

With the advent of warmer weather we must perforce turn our attention to the house fly. The fly one swats with a fly swatter is generally regarded as an undesirable creature, but perhaps few people fully appreciate its life of crime. Full information is furnished in a booklet published by the entomological branch of the Department of Agriculture at Ottawa entitled, "Household Insects and Their Control." The text and illustrations combine to make a publication that is both interesting and useful.

Magnified a hundred times a picture of the house fly reveals the true unpleasantness of his physical make-up. It is hairy and striped like a bryana, with ugly pad-like head and monstrous legs. His habits fit his appearance. Invariably born in dirt and dust, he thrives on it. And he carries it about with him wherever he goes. He is a bad customer. The booklet gives directions for his "control," which is another word for ruthless destruction.

But the ordinary house fly is only one of the several flies which infect houses, and of scores of other insects which at various seasons may invade the homes that are not kept scrupulously clean. There are biting house flies, stable flies, blue-bottle flies, blue-bottle flies, fruit flies, and many others. In another group are bugs, fleas and lice—loathsome objects which live on human blood. If given the slightest encouragement. Then there are roaches, ants and earwigs; meal moths, flour moths and weevils; grain beetles, spider beetles and drugstore beetles; book lice, worms and silverfish.

Their story is told and their portraits printed in the booklet issued free of charge by the Department of Agriculture. Instructions for their removal are also furnished. They are easier to "control" than mosquitoes. No housewife need be troubled by them if she takes reasonable precautions against them.

HINTS FOR KNOCKERS

A peasant with a troubled conscience went to a monk for advice. He said he had circulated a vile story about a friend, only to find out that the story was not true.

"If you want to make peace with your conscience," said the monk, "you must fill a bag with chicken down, go to every doorway in the village, and drop in each one of them one fluffy feather."

The peasant did as he was told. Then he came back to the monk and announced he had done penance for his folly. "Not yet," replied the monk. "Take your bag, go the round again, and gather up every feather that you have dropped."

"But the wind must have blown them all away," said the peasant. "Yes, my son," said the monk, "and so it is with gossip. Words are easily dropped, but no matter how hard you may try you can never get them back again."

AN ECONOMICAL CREAM COOLER

There is no secret to getting special grade cream every week in the year. All that is necessary is care and cleanliness with the milking and separating. Then hold the cream in a cool place until time comes to ship it.

The secret of success is in doing each act well, milking in a cleanly manner, separating through a machine that is washed and scalded after each milking, cooling promptly and keeping cool.

The ideal method of holding cream in this country is by use of a compartment in the horse trough arranged so that all cold water entering the trough for the horses or cows to drink must first run around the cans containing cream. This has the effect of constantly cooling the cans and their contents. It is cheap and economical.

THE BABY IN SUMMER

There are certain points which require attention during the warm weather in order to keep the baby healthy, to protect him from disease, and to make him comfortable. These

are some conditions associated with hot weather which are apt to cause upset and disease in the infant. During the hot weather, a bath, morning and night, is desirable. If the day is very hot, a cool sponge in the middle of the day will help to keep baby comfortable.

The baby should be dressed according to the temperature, not to the time of the year. His clothing should be varied from day to day and from day to night as the temperature changes. On a really hot day, a diaper alone, or a diaper and a thin sleeveless shirt are sufficient clothing.

Feedings should, of course, be just as regular in summer as at other times. The baby may not gain in weight during the hot weather, and he may take a smaller amount at his feedings, but as long as he is well, this need not be a cause for worry. Babies become thirsty and, during the summer, they will take a considerable amount of water. Unsweetened boiled water should be offered to the baby at least once between feedings.

The baby is much more cool and comfortable when he is not being handled. Leave him alone to rest and to be quiet.

Keep all milk on ice so that it does not sour. Prepare all feedings exactly as ordered. Pasteurize all milk used.

On hot days, the baby should be kept in a shady spot and not be exposed to the sun excepting in the early morning or the late afternoon. Insects carry disease as well as being a nuisance. The baby himself and his food should always be protected against flies and other insects. Screen the house. Cover the baby's crib and carriage with netting.

Summer diarrhoea is not nearly as common as it was a few years ago because of the better care which is now being given to babies. If it does occur, it should be dealt with at once. Stop all feedings; give as much unsweetened boiled water as the child will take and place him under the doctor's care. Summer diarrhoea is a serious and often fatal condition unless properly and promptly treated.

If the baby is cared for in the manner indicated, there is no reason to dread the summer.

Questions concerning Health, addressed to the Canadian Medical Association, 184 College St., Toronto, will be answered personally by letter.

"What letter comes after 'h'?" demanded the teacher. "Please, miss, I don't know," answered Tommy.

"Well, what have I on each side of my nose?" pressed the teacher. "Looks like powder, miss," said Tommy.

SOLLOWAY—MILLS FINED AND SENTENCED

A jail term for Isaac William Cannon Solloway of four months, and a sentence of one month in jail for James Harvey Mills, heads of Solloway, Mills and Company, Limited, were imposed upon the accused in addition to fines totalling \$250,000, by His Lordship, Mr. Justice William C. Ives, in Supreme Court of Alberta, at the conclusion of the 16-day trial, at 6 o'clock Monday afternoon.

Early Monday evening, the accused paid their fines, Solloway's totalling \$225,000 and Mills, \$25,000, and they were released on their former bail—pending the hearing of an appeal, notice of which A. A. McGillivray, K.C., leading defense counsel, filed immediately upon conviction.

The accused were found guilty on all four conspiracy charges, and were given prison terms on each count, with fines on two counts, each. The terms varied from one month to four months in the case of Solloway, and one month in the case of Mills, all to run concurrently.

His Lordship imposed an additional penalty of 23 months in jail, with hard labor, if the accused did not pay their fine.

The four counts in the one indictment of conspiracy were as follows:

1. That the accused did conspire to defraud the public.
2. That the accused did conspire in contravention of the Criminal Code.
3. That the accused did conspire to affect the public market price of stocks.
4. That the accused did conspire to commit a contravention of Section 231 of the Criminal Code.

WHY PULLETS DON'T PAY

One significant fact in the egg market reports this spring is the marked falling off in egg production.

Asked for the reason for this the Dominion Poultry Husbandman said that the extreme dry weather of last year was the cause. "The condition is general throughout Western Canada and to a certain extent in the East," he states, "and the fact is that owing to the unusually dry season chicks last year matured as laying pullets before attaining their proper growth."

Troubled with Boils on Face and Neck

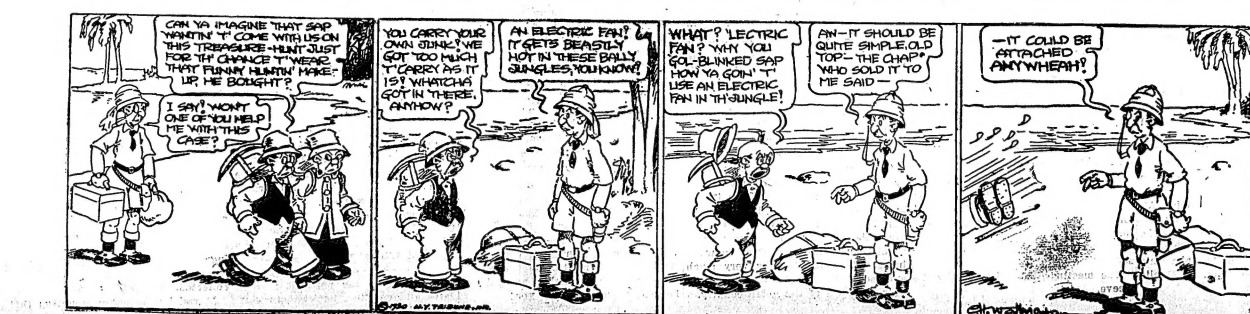

Miss E. Shorthouse, Truro, N.S., writes:—"I was troubled with boils on my face and neck due to the fact that I had impure blood in my system. I tried several kinds of medicine which had no effect on them. Finally a friend recommended Burdock Blood Bitters, which she had taken for a similar blood trouble. After taking two bottles my blood was completely cleared, the boils disappeared and I have never been troubled with them since. I know of nothing so splendid, or so wonderful for a blood purifier as B.B.B."

R.C.M.P. ACCLAIMED AS OUT-COSSACKING COSSACKS IN LONDON

London, June 20. — London has taken the Royal Canadian Mounted Police to its hospitable arms. Their first display at the International Horse Show at Olympia Arena is acclaimed today as "out-Cossacking the Cossacks," and the riders are held up by the newspapers as "real he-men" of the great plains where all sorts of romantic things, quite out-rivaling the films, occur daily.

What chiefly astonishes spectators is Major Dunn's wonderful control over the horses that take part in the display. Some enthusiastic scribes insist that the horses will not perform properly unless Major Dunn is present and that they know him so well they prick up their ears in salute as they approach him.

However this may be, the visit of the Canadian police undoubtedly has been a magnificent advertisement for Western Canada in London.

CANADIAN WHEAT AT LOWEST PRICE IN PAST 7 YEARS

Winnipeg, June 20. — Back to its six-year record depths, the wheat market succumbed today to the persistent poundings of the bear element. Prices closed after a feeble effort to crawl higher at a low mark of 99¢ cents per bushel—actually this market's lowest close quotation in nearly seven years. The day's losses ranged from 1 1/2 to 2 1/2 cents.

28 AEROPLANES NOW IN PROVINCE

Twenty-eight aeroplanes are in more or less continuous operation throughout Alberta.

Of this total, three are privately owned; four are operated by flying clubs working under the scheme placed in operation by the Dominion Government three years ago, while the remainder are used in the transportation of mail and passengers, student training and survey operations. The total does not include the machines employed by the Royal Canadian Air Force flyers at High River, as the number in use at that point is often changing.

TOLD THE TRUTH AND DARED DEATH

An editor of an American weekly hit off the following and then invited death.

"Mr. Robert Chewey and Miss Alice Broadkin were married at noon at the home of the bride's parents, Mr. and Mrs. P. B. Brogdon, the Rev. M. L. Goswami officiating.

"The groom is the popular young bum who hasn't done a lick of work since he got shipped in the middle of his junior year at college. He manages to dress well and keep a supply of spending money because his dad is a soft-headed old fool who takes up his bad cheques instead of letting him go to jail where he belongs.

"The bride is a skinny, fast little idiot who has been kissed and handled by every boy in town since she was twelve years old. She paints like a Sioux Indian, smokes cigarettes in secret and drinks liquor when she is out riding in her dad's car at night. She doesn't know how to cook, sew, or housekeep.

"The house was newly plastered for the wedding and the exterior newly painted, thus appropriately carrying out the decorating schemes, for the groom was plastered and the bride newly painted.

"The groom wore a rented dinner suit of athletic underwear of imitation silk. His pants were held up with green suspenders. His number eight patent leather shoes matched his state of tightness and harmonized nicely with the state of grease polish of his hair. In addition to his job he carried a pocket knife, a bunch of keys, a dun for the ring and his usual look of imbecility.

"The bride wore some kind of a white thing that left most of her legs sticking out at one end and her bony neck at the other.

"The young couple will make their home with the bride's parents, which means that they will sponge on the old man until he dies and then the bride will take in washing.

"Postscript: This may be the last issue of the Plaindealer, but my life ambition has been to write up one wedding account and tell the unwashed truth; now it is done, death can have no sting."—The Minnedosa Tribune.

PROTECTING THE WILD FLOWERS

In Ontario Mrs. W. J. Hanna, of Sarnia, has interested herself actively in the preservation of the native flowers of the province. She has got a committee together and has obtained the co-operation of the Ontario Horticultural Society. Just as everywhere else, the people of Ontario are out to gather the native flowers. But among them are those who, in seeking beauty, destroy it by pulling up plants by the roots.

There is the like impulse here, and will be until people are educated to the art of picking flowers, even though they are wild flowers.

In Ontario, flower gatherers are not asked to desist from gathering the native flowers, but they are urged to be careful in the picking so as to give the plants a chance to live and bring forth their beauty year by year. They are asked when gathering the wild flowers to use a sharp pair of scissors so that as little damage as possible will be done to the plants.

It is an advice worth heeding if our prairie flowers are to be preserved for us. It should be especially enjoined on children, who, through not knowing any better, are apt to pull up plants by the roots and otherwise injure them and cause them to die. Others of an older growth should also remember this, for there are those among them who are just as gully of the practice.

Our own Horticultural Society might well interest itself in a campaign for the preservation of our prairie flowers. Nor will it be smiles in our schools to impress this on children. Anyone who indulges in walking and has wandered over the prairies or passed along in a car must feel how beautiful the wild flowers make them and how strong the necessity is to preserve them so that year by year they may add to the wealth of their beauty in giving radiance to the stretches of prairie land.—Lethbridge Herald.

IN BETWEEN TIMES

(By Barbara B. Brooks) "What do you give your family for dessert?" was a question asked of a busy housewife. She replied, "Oh, I go the rounds of rice pudding, custard, gelatine and junket, and in between times serve canned peaches."

There are lots of "in between times" in every home and the canned peach suggestion is a good one because there are so many ways of using this delicious fruit. The most obvious is to chill the can thoroughly and open it just before serving. Luke-warm fruit is not appetizing but too many people forget this and take the can direct from the shelf in a warm kitchen.

At a national girls' camp this spring a dessert was brought in one day which caused an "Ooohh" from each of the one hundred adult campers. It was served on orange enamel plates and looked very pretty and what a simple dessert it was! Large halves of canned peaches had been put on thin lemon cookies and garnished with whipped cream.

Another easy dessert is made by putting slices of stale sponge cake in the bottom of a dish and pouring sliced canned peaches over them, then adding a cold thin boiled custard

flavored with almond or vanilla. An flour, 1/2 teaspoon soda, 1 teaspoon imitation peach dumpling is prepared by putting half canned peaches in sliced canned peaches, cinnamon, the bottoms of large buttered muffin pans. Fill three-quarters full of rich muffin batter and bake in a moderate oven. Remove from the pans with heat. Well. Add soaked bran, and flour mixed and sifted with soda, baking powder and salt. Pour into greased muffin pans. Put three slices of peach on the top of each muffin and sprinkle with sugar and cinnamon. Bake in a moderate oven (400 deg. F.) for twenty to twenty-five minutes.

A quite different use for canned peaches is in omelet. This appeals to me more for luncheon than for breakfast although it may be served either time. Melt one tablespoon of butter and add to it two tablespoons of flour and one-half teaspoon of salt. When perfectly blended add one cup of pulp from canned peaches and cook, stirring, until the mixture boils. Cool and add to the well-beaten yolks of five eggs. Fold in the beaten whites of eggs.

In an omelet pan melt one tablespoon of butter. Pour in the omelet and cook over a very low fire until it becomes firm around the edge. Put the pan in a slow oven (325 deg. F.) and bake until firm (about 25 minutes). Fold, sprinkle with powdered sugar and serve garnished with sliced peaches.

If canned fruit is used in a salad it must be cold. Large canned peaches may be stuffed with cream cheese which has been softened with French dressing and mixed with chopped dates and nuts. Serve on lettuce with whipped cream dressing.

BAXTER GOVERNMENT IS RETURNED; LIBERALS GET 17 NEW BRUNSWICK SEATS

Saint John, N.B., June 20. — The Conservative Government, led by Hon. J. B. M. Baxter, was victorious in the general provincial election held throughout New Brunswick on Thursday. Complete returns give the Government 31 seats as against 17 won by the Liberal Opposition. The only independent candidate nominated lost his deposit in Moncton City, as did the two opposition candidates running in Saint John County. The standing of the House at dissolution was: Government, 35; Opposition, 11; vacant seats, 2.

WHITEFISH LAKE, N. ALBERTA, SEES ITS FIRST PLANE

Whitefish Lake, 30 miles north of Lesser Slave Lake saw its first airplane the other day when L. A. Giroux, recently re-elected to the Alberta legislature, arrived on election business. It took only 25 minutes to come from Wetaskiwin, 50 miles away, a journey that ordinarily takes three days with good roads. Natives inform travelers that it takes another three days to recover from the trip.

Some excitement was caused by the plane's arrival, dogs took to the bush and some of the Indian women ran to their men in panic. The

plane, which was fitted with pontoons, made a perfect landing on the lake and gave some of the people a ride before its departure. The occupants reported the map as showing very few of the lakes that actually could be seen from the air.

RUSSIA MAY EXPORT WHEAT DURING 1930

Moscow, June 21. — The commission of agriculture announced Friday that Soviet Russia would this year have sufficient grain not only to meet the needs of the population but establish grain reserves and possibly leave some for exporting.

Up to June 15, said the commission, about 304,450,000 acres were sown, which is approximately 90 per cent of the government's total yearly plan and about 5,550,000 acres more than last year's sown area.

What makes your face grow pale and thin, And makes you lose your double chin?

What causes leprosy to spin? Creates in tranquil minds a din? Examinations!

What gives your brows those lines of care? What brings those gray threads in your hair? What makes your spirit say "Be ware!" Your knees to shake, your eyes to stare? Examinations!

What makes you study all the night, And burn the landlord's precious light, Until next day you look a sight, And cannot tell your left from right? Examinations!

Oh, Woe is me! I long to see This pleasant land where there will be A time when everyone is free From those dire things that worry me— Examinations!

FIVE-FOOTED PIG

One of nature's freaks, in the form of a five-footed pig, was recently born on the farm of Mr. Jud Knaut. According to Mike Jones, a neighbor of Knaut's, the little animal seems to be as nimble as any others in the litter and runs about as though it was perfectly normal.—Hanna Herald.

Caterpillar Combine

The advantages of Combining over old methods of harvesting have been very definitely established with farmers who are well informed upon the ways that lead to profits in grain growing. The question that concerns most farmers today is "which combine to buy—which will be the most profitable to own"—and, so we say, investigate the "Caterpillar" Combine from the standard of the essential features.

Winnowing Equipment, Medium Hillside attachments and various other equipment available enables the "Caterpillar" Combine to handle a wide variety of crops. The experience of 44 years of building Combines is back of the reserve strength, stamina and efficiency of the "Caterpillar."

Study and compare its sturdy construction ease of operation, its adaptability to meet a wide variety of conditions, low upkeep, long life and also that notable "Caterpillar" feature, its GRAIN SAVING capabilities—that extra thoroughness in threshing and separation to get those extra bushels. The more deeply you study the "Caterpillar" Combine and its performance the more will you be impressed with its ability to serve you as no other combine can.

HOW TO GET COMPLETE INFORMATION

Write, wire or telephone and we will place in your hands the most complete information about the "Caterpillar" Combine—its mechanical construction—its operation and its record of performance.

NEW SWEDEN

The Swedish Baptist Young People's Society met at the home of Mr. and Mrs. J. A. Wingblad on Friday evening.

Mr. and Mrs. M. Oesch left on Friday morning over the C.P.R. on an extended trip to Ontario and other Eastern points.

Mr. and Mrs. Joe Haukedal went to Camrose on Wednesday evening to

hear Premier Brownlee and V. W. Smith in their final appeal to the people.

Hjalmar Peterson, who returned recently from school in Chicago, held a service in the Mission Church in New Sweden on Wednesday evening. A special feature of the meeting was the songs rendered by Mr. Peterson and his colleague, which were greatly appreciated.

Mrs. Fred Freeman is nursing Mrs. W. Schantz and baby daughter.

The total poll in Cherry Grove was 46, with one advance poll and two spoiled ballots. Sparks receiving 25 and Montgomery 19.

Radio owners were popular on Thursday evening, many friends

gathering to listen in to the election returns.

Starting with June 22, the Swedish Baptist Mission is holding meetings in Wetaskiwin for the coming two weeks. The "Melody Twins," Conrad and Holm, from St. Paul, furnish special music attractions, which were enjoyed by New Swedenites last year, and promise to be even better this year.

LONE RIDGE

The annual U.F.A. Sunday was duly observed on Sunday last at Lone Ridge Hall. Services were taken by Rev. J. M. Baxter of Brightview, and Rev. A. L. Elliott of the United Church, Wetaskiwin. A splendid inspiring address by Rev. Elliott was listened to with deep appreciation by an audience that practically filled the hall. The Strathcona Male Quartette who Mr. Arthur Gahner kindly brought down from Edmonton, rendered some beautiful selections, which were very much enjoyed. Thanks are due to them, Mr. Gahner for bringing them; to Rev. J. M. Baxter and Rev. A. L. Elliott for their part in making this U.F.A. Sunday one to be long remembered.

The annual picnic under the auspices of the Lone Ridge local will be held Wednesday, July 9th, with a full program of sports, including football, baseball, basketball, horse races, dancing, etc. Look out for further announcement.

BITTERN LAKE

Chas. Daley of the Rosedale Ranch, spent the weekend in Daysland.

A. Kobasulik returned home Thursday, after spending a few days in To-field. He reports that the crops are looking good in that district.

Mrs. E. Robertson returned to her home in Edmonton on Saturday, after a brief visit here.

G. A. Holmstrom of Edmonton, came down Saturday to spend the weekend with his folks.

Another welcome rain on Friday. This should put an end to soil drying. The crops are improving considerably.

There is a rumor that the baseball club will put on a dance here soon. We all hope they do.

Miss Richarda Hasbanc went to Camrose on Thursday to visit with friends.

Ross and Ted Daley, who have been around here since spring, have gone to Edmonton.

Percy Treleven is on his holidays.

WINFIELD WEST

Although the roads were very muddy, people turned out very well indeed to cast their vote on election day.

Four inches of rain has fallen during the past week, and at the time of writing it is still raining.

Garden stuff, potatoes and grain

are growing very slowly, but with warm, sunny weather crops here will make rapid progress and a good harvest will be assured. The hay crop will be heavy this year.

The district immediately west of the Winfield School District is planning on building a school. In the aforesaid district a few good homesteads are still available, and people with children should take advantage of this opportunity.

The U.F.A. Winfield local will hold a special meeting next Monday evening, to prepare plans for a picnic at Winfield in the near future.

NEW NORWAY WEST

The long looked for rain visited this district Thursday and Friday, although most of the wheat fields are beyond help. The farmers are expecting the barley and oats to come on. The fields are very spotted and uneven due to the terrific dust storms covering it in spots and blowing it out in others. The cut worms have been worse than for years.

Mr. and Mrs. Glenn Campbell of St. Paul, Minn., arrived last Tuesday to spend the summer with their parents Mr. and Mrs. Orle Campbell.

Mr. and Mrs. McIntyre visited last week at the J. Gillis home at Yeoford. Miss Margaret Gillis came back with them for a few days.

Mr. Ben Olstad of near Leduc, spent Sunday with his parents, Mr. and Mrs. O. Olstad.

Miss Gertrude McIntyre left last Tuesday for her summer holidays at Puyallup, Wash.

Premier Brownlee and Mr. Vernon Smith of Camrose, addressed a full house at the U.F.A. hall in New Norway last Wednesday.

Vera Perkins and Blythe Uphaw are among the pupils of Mrs. Hodgkinson who take their music exams on Monday and Tuesday at Camrose, put on by the Toronto Conservatory of Music.

Mrs. Joe Logan is quite ill with the flu. Miss Betty Hutchinson is helping with the work.

Mrs. Robert Benkle and Miss Grace Payallup of Bashaw, spent last week with their parents, Mr. and Mrs. Fred Perkins.

Mr. and Mrs. A. J. Ohmen and small daughter, and Mr. E. Ohmen of Patricia, drove through in a car and spent last week at the Chas. Lindholm home. On Sunday, Mr. and Mrs. A. J. Ohmen left for Edmonton. Mr. E. Ohmen is the father of Mrs. Chas. Lindholm and is staying for an extended visit.

Mr. Lock of Banff, is visiting his daughter, Mrs. Frank Bartoff.

Ernest Jans, small son of Mr. and Mrs. Jans, was taken to the Wetaskiwin hospital on Sunday with a broken leg. It was set by the doctors and he was brought home on Monday.

ASKER

On Saturday, June 14th, friends and relatives in the community and outlying districts and towns gathered at the home of Mr. and Mrs. O. S. Kretting to help celebrate the twenty-fifth anniversary of their wedding.

Mr. and Mrs. Kretting's marriage was the first one in Asker, where they had resided and are still resident. At five p.m. the tables were laden with a plentiful dinner, and the guests were served, together with the entire company. During this period Mr. S. Wettre was called on to make a presentation speech. In a few well-chosen words he expressed the community's hearty appreciation of Mr. and Mrs. Kretting and family, alluding to them as being among the empire builders in assisting in building home, church, community and state, and presented at the same time a beautiful cabinet of silver and a few separate pieces of silver as well. He then called upon Mr. Roy Vold, who as a member of the family, could give a few reminiscences of the day, twenty-five years ago, when the event took place. Mrs. Kretting responded in a few well-chosen words. After dinner the guests collected in groups indoors and out for an hour or so, after which the evening was spent in dancing—Ponoka Herald.

BROWNLEE PLEASSED AT VOTE

about your family's health?

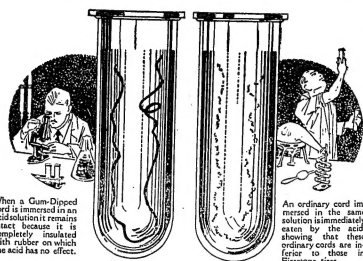

You send your children to the dentist; you have the doctor in when anyone is ill; you pride yourself on the excellent care you take of your family. But are you actually as far sighted in this matter as you think? Do you, for instance, subject your family daily to the dangers of improperly preserved food?

The Electric Refrigerator is recognized today as being not a luxury

but an essential health necessity. Its healthful dry cold—kept at a temperature of below 50 degrees the year 'round—offers permanent protection against food spoilage—against the ever-lurking danger of bacteria. Can you afford—particularly if you have children in your home—to do without this year 'round protection?

Gum-Dipped Cords Stand the Acid Test

Even though Firestone cords are of superior strength and elasticity before they are built into Firestone Tires, they go through the Gum-Dipping process for added strength and endurance.

Gum-Dipping—exclusive to Firestone Tires—saturates and insulates every fibre of every cord in the tire. This prevents the cords from chafing against each other and eliminates internal friction and heat—the greatest enemy to tire life.

Thus Firestone Gum-Dipped Tires have double reasons for their toughness, ruggedness and unequalled mileage—by actual test they hold all world's records for mileage and endurance! Specify Firestone Gum-Dipped Tires on your car. See your nearest Firestone Dealer today.

LUCIEN BOUDREAU

BURNED IN EFFIGY;
SHOWER OF EGGS

A characteristic French-Canadian thing to be taken seriously, entered but were not long in preparing a re-into the political fray of the St. Albert constituency after the results of the vote was heard Thursday night.

Giving vent to their enthusiasm in a demonstrative way supporters of the victorious candidate, Omer St. Germain, U.F.A., at Morinville, staged a wild celebration which reached a climax when a huge bonfire in a vacant lot saw the effigy of Liberalism's representative, Lucien Boudreau, the defeated candidate, diminished in flames to the delight of the crowd.

Jubilant in victory a procession of

nearly two dozen cars proceeded to St. Albert, the stronghold of the Boudreau supporters, to further acclaim and proclaim the victorious verdict.

St. Albert residents, however, were not in such a joyful frame of mind when they saw the effigy of Liberalism being burned. From the tops of the buildings along the main street a band of faithful Liberals launched a shower of eggs—that could hardly be termed fresh—upon the visiting procession.

When the over ripe hen fruit had run out cases of fresher material was supplied and salvo after salvo continued to descend upon the visitors until the atmosphere had taken on an odor that was hardly suggestive of hospitality and the merry-makers turned their cars homeward, none the less dampened in enthusiasm by somewhat battlescarred—Journal.

**PRINCE OF WALES, PREMIER
VICTIMS OF CHAIN LETTERS**

London, June 21.—The Prince of Wales and Premier MacDonald have been victims of a peculiar form of mania which has afflicted Britain for months past, namely, "Chain letters."

You receive in the mail any day in the week a letter telling you that had luck will overtake you unless you make nine copies of the idiotic communication and send them to nine friends. Thousands of crazy people have been induced to comply with this demand, to the obvious benefit of the postal department revenues.

Some chain-letter writers, however, not content with this success, proclaimed that the Prince of Wales and Premier MacDonald were among their helpers and it became necessary, Friday, for Sir Godfrey Thomas, the prince's equerry, to announce that so far as the prince was concerned such letters never reached him, but helped to overflow his already bulging wastepaper basket.

HOW TO FARM BURNT-OUT LAND

Six years of experimental work provide some interesting results as to the possibilities of farming the so-called burnt-out lands of certain Prairie areas. There is estimated to be some 650,000 acres of this type of land, and experts of the Dominion Department of Agriculture are making an intensive study of methods of working it to advantage. Preliminary studies indicate that breaking and levelling form an important part in the rehabilitation of this type of soil, and also that such crops as sweet clover and grasses tend to improve its tilth. Particular attention is being paid to experiments with respect to the time and depth of breaking, the value of back-setting, hoisting, subsoiling, manuring, liming, and similar special treatment designed to improve the tilth of the soil.

LEISURE PROFITABLY**

Dr. G. B. Cullen, president of Colgate, U.S. University, says:

"Leisure has come upon America suddenly. It is the machine that has given us our leisure. It is as though 'every person had from twenty to thirty servants working for him. In time, the average day's work will be two hours for 800 days a year, and if we today were willing to distribute profits and eliminate waste we could go on a four-hour day next Monday. But if ever there was a people unprepared to have leisure, it is the American people. At one time we had what was known as the leisure class, but that is gone now because everyone has leisure."

"It has now become necessary to find new ways to waste time. The problem is being solved to a slight degree by the invention of games that require a minimum of exercise and a maximum of time."

The citizens of Millet and surrounding country were, in general, pleased to learn of the election of Mr. A. P. Mitchell for our town, to represent the constituency of Leduc in the legislature for the next few years. The vote of 169 to 39 at his home poll, with some spoiled ballots more in his favor, was a fine compliment to our popular citizen, who has lived here with us for some time. The almost unanimous appearance of many polls in this district, nearest home, tell their own tale. He had the advantage of some splendid workers around him during the campaign, who spared no pains and trouble to advance his candidature. Needless to say, no personalities were indulged in and the contest proceeded on both sides in a friendly spirit. We are sure that Mr. Mitchell, whose habit of business and life has been one of service to the public generally, will make a good representative, and that, whatever interests are committed to his care, will receive every consideration and support. His majority of 90 over a popular U.F.A. candidate, is a testimonial to his personal qualities. We trust that cares of office will not cause that genial personality and smile cordial to lessen one whit.

ONLY A DOCTOR KNOWS
WHAT A LAXATIVE
SHOULD BE

Danger lies in careless selection of laxatives! By taking the first thing that comes to mind when bad breath, headaches, dizziness, nausea, biliousness, gas on stomach and bowels, lack of appetite or energy warns of constipation, you risk forming the laxative habit.

Depend on a doctor's judgment in choosing your laxative. Here's one made from the prescription of a specialist in bowel and stomach disorders. Its originator tried it in thousands of cases; found it safe for women, children, and old folks; thoroughly effective for the most robust man. Today, Dr. Caldwell's Syrup Pepsin, as it is called, is the world's most popular laxative. It is composed of fresh herbs and other pure ingredients. You can get it, in generous bottles and ready for use, at any drugstore.

CARD OF THANKS

We wish through the columns of The Times to most sincerely thank our many friends for the great kindness shown during Mr. Lord's illness and our recent bereavement, and also gratefully acknowledge the many beautiful floral offerings.

MRS. LORD and FRID.

CARD OF THANKS

Mr. and Mrs. G. E. Lind of Brightview, wish to sincerely thank the many friends who, in their recent bereavement, so kindly assisted. A special thanks is extended to Mrs. A. G. Olson and Mr. C. P. Cummings and also to the four young boys who acted as pallbearers.

Errors of Refraction and Muscular Imbalances

Are the chief causes of headaches, dizziness, blurred vision and that tired sleepy feeling.

Children often have a very unsatisfactory school report through defective eyesight.

A complete scientific examination will reveal these troubles.
